Contributions present not only a summary of Derrida's most important accomplishments in relation to a wide range of disciplines but also a new assessment of these accomplishments. Offers a greater understanding of how Derrida's work has fared since his death **Participant** Randy Saultz, 2015-02-04 The author sets off to pay attention to realities seen and unseen and discovers that he is surrounded by gifts. I am an observer, a collector of raw data. I sometimes make assumptions that turn out to be incorrect inferences that are premature. Yet I have a responsibility to offer interpretation. I am a hermeneut, one who has come across a treasure map and has no other choice but to discover sign and report to others what I find. Participant will make explorers out of each of us and will prompt us to look differently at the familiar and the unknown. This is a call to be curious about the world and about God with the biblical text as a regular part of the conversation. I make no apology for talking about bears and bugs, about mountains and oceans, about soil and skies, about people and calendar in the same conversation with the biblical text. The fact is I can no longer stare into the sky or dig in the garden or talk to anyone without thinking about the text. And I can no longer read the text without thinking about places and situations and people that I will discover on any given day. These colorful and lyrical field notes highlight mysteries that become tangled with ordinary experiences and take us into places dangerous and glorious while putting us in the company of wonder and causing us to say Wow *The Third Scroll* William Newby, 2019-12-12 Could John Albert, former CIA operative and current head of Stony Brook University's Ancient Language Studies Department, actually have received a communication from AD first century? That's what he believes after he opens a package of antique scrolls with an introduction that personally addresses him in ancient Greek. He is further intrigued when he realizes that the rest of the text is written in the same Qumran Hebrew language as the Dead Sea Scrolls. Wasting little time, John takes a sabbatical so that he can go to England to utilize Oxford's reference library in translating the mysterious writings. There he meets beautiful Emma Ferry who will become not only his partner in deciphering the origins and meaning of the scrolls but his romantic partner as well. Together they will soon discover that there are other decidedly ruthless individuals who are also interested in the scrolls more for their potential monetary value in the antiquities market than the message they might

contain Meanwhile back in New York City Sister Lily Elizabeth Alberti blessed with the mystical ability to heal applies her gift to the critically ill from her home with a secret order of nuns housed at the Cloisters What is the connection between John Albert and Sister Lily Elizabeth They are brother and sister and Lily who has unearthed the scrolls from the darkest depths of the papal archives while researching the healing arts at the Vatican knows that the only way to get her brother to help her translate the documents is to shroud them in an irresistible mystery There is one more faction with particular interest in the scrolls members of the clandestine sect known only as the Guild descendants of the legendary Knights Templar whose mission is to prepare for the Second Coming Though they are not privy to the specific content of the scrolls they know that they contain a sacred message for mankind As the different pieces of this mystical thriller come together ancient mysteries begin to reveal themselves and other provocative questions come to light Could Jesus himself have been the author of the scrolls How will the hierarchy of the contemporary Roman Catholic Church reconcile with the monumentally powerful information that Sister Lily Elizabeth has brought to them and continues to struggle to not only understand but master And will John Albert be ready emotionally and spiritually for the challenges that he has been predestined to face The reader is taken on a magical journey from Long Island New York to ancient Greece through the halls of academia and behind the walls of the Roman Catholic Church in Rome as the author tells this tale of intrigue romance and faith One of the people that have read this manuscript cried when the book ended She cried because she said that she wished that what the scroll revealed could have been the truth The third scroll contains the gift of healing and the creation of life and John Albert and Sister Lily Elizabeth take the information from this scroll and go forward using these gifts and teaching others how to use them The mystery ends with the pope confiscating the scrolls and reburying them in the bowels of the Vatican
