The God Of Faith And Reason:

The God of faith and reason Robert Sokolowski,1982 **Faith, Reason and Theology** Saint Thomas (Aquinas),Pontifical Institute of Mediaeval Studies,1987 The topics of Questions i iv of St Thomas Aquinas Commentary on the De Trinitate of Boethius are of vital interest to the Christian philosopher and theologian Written while Aquinas was a youthful Master of Theology the Questions show his solidarity with Christian tradition his wide acquaintance with Scripture and the Fathers of the Church and his creative use of philosophy in addressing theological issues Question i treats of the possibility of our knowing God and the human limitations of this knowledge Question ii concerns theology as a science which reaches out to God by faith in his revealed word and uses philosophical reasoning to throw light on the contents of revelation In Question iii Aquinas takes up the nature of faith showing its relation to religion and its necessity for the welfare of the human race He argues for the catholicity or universality of the Christian faith and defends the orthodox teaching of the trinity of Persons in the one God Question iv turns to a set of philosophical problems occasioned by Boethius treatise on the Trinity the factors that cause a plurality in genera species and individuals In this connection Aquinas makes one of his most controversial statements of the principle of individuation **On Faith and Reason** Saint Thomas (Aquinas),Thomas Aquinas,1999-01-01 The selections included in this anthology drawn from a variety of Aquinas works focus on the roles of reason and faith in philosophy and theology Expanding on these themes are Aquinas discussions of the nature and domain of theology the knowledge of God and of God s attributes attainable through natural reason the life of God including God s will justice mercy and providence and the principal Christian mysteries treated in theology properly speaking the Trinity and the Incarnation **Faith, Reason and the Existence of God** Denys Turner,2004-09-16 Denys Turner argues that there are reasons of faith why the existence of God should be thought rationally demonstrable and that it is worthwhile revisiting the theology of Thomas Aquinas to see why The proposition that the existence of God is demonstrable by rational argument is doubted by nearly all philosophical opinion today and is thought by most Christian theologians to be incompatible with Christian faith Turner s robust challenge to the prevailing orthodoxies will be of interest to believers as well as non believers **Faith and Rationality** Alvin Plantinga,Nicholas Wolterstorff,1983 A collection of essays by contemporary Calvinist philosophers of religion that examine the epistemology of religious belief between Reformed and Roman Catholic philosophers **Faith, Reason, and Compassion** James Earl Gilman,2007 What is the relationship between faith and reason How should faith and reason situate themselves in relation to each other These are the chief questions that James Gilman seeks to address inFaith Reason and Compassion A Philosophy of the Christian Faith **Faith, Reason, and Beyond Reason** Mark J. Boone,2024-07-16 The relationship between faith and reason is multifaceted Faith transcends reason in that it is more than reason alone can contain or fully guarantee yet it is neither unreasonable nor something to which reason is irrelevant and reason says some pretty fine things about it This volume updates nine previously published

articles on faith and reason by a Christian philosopher who has been studying these matters for two decades alongside one new essay and a philosophical dialogue These articles explain and integrate key ideas on faith and reason including Alvin Plantinga's account of how Christian belief can be knowledge even without evidence defenses of faith from Augustine and William James accounts of empirical evidence for faith from different world religions the distinction between faith and sight in the New Testament the structure of the evidence for the authority of the Bible the idea that faith transcends reason because some articles of faith are beyond human comprehension even if we have evidence that they are true and the nature of faith as a total commitment beyond what the evidence alone can guarantee

The Reasoning of Unreason John Roberts, 2018-08-23 The twenty first century so far has seen the global rise of authoritarian populism systematic racism and dogmatic metaphysics Even though these events demonstrate the growth of an age of unreason in this original and compelling book John Roberts resists the assumption that such thinking displays an unthinking irrationality or loss of reason instead he asserts that an important feature of modern reactionary politics is that it offers a supposedly convincing integration of the particular and the universal This move is defined by what Roberts calls the reasoning of unreason and has deep roots in the history of Western thought and politics Tracing the dark history of enlightenment disenlightenment John Roberts explores the reasoning of unreason across centuries from Aquinas William of Ockham the most important treatise on witchcraft Malleus Maleficarum Locke Kant and Count Arthur de Gobineau to Social Darwinism Nazism Carl Schmitt Leo Strauss and Friedrich von Hayek Roberts provides a new set of philosophical political tools to understand the formation and denigration of the rational subject and the current reinvestment in various forms of political unreason globally The Reasoning of Unreason is the first book to draw on the philosophy of reason political philosophy political theory and political history in order to produce a dialectical account of the making of reason internal to the forces of unreason and the limits of reason
