language At the core of this work lies The Jewel Treasury of Advice a text composed by Drikung Bhande Dharmaradza 1704-1754 the reincarnation of Drikung Dharmakirti Khenchén Rinpoche interprets these ancient teachings with compassion humor and a keen awareness for their relevance in contemporary Western life Those who sincerely want to study and practice the Buddha's teachings will find this an indispensable guide Comparative Mysticism Steven T. Katz, 2013 This collection of primary texts introduces readers to the mystical literature of the world's great religious traditions Beginning with an introduction by Steven T. Katz a leading scholar of mysticism the anthology comprises poetry prayer narrative and other writings from Jewish Christian Muslim Hindu Buddhist Taoist Confucianist and Native American traditions This collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition Comparative Mysticism shows how the great mystical traditions of the world are deeply rooted in the religious traditions from which they originated The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common Despite the prevailing view that mystical traditions throughout the world are essentially similar the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals The writings collected in Comparative Mysticism address the most fundamental and important methodological epistemological and hermeneutical questions regarding the study and interpretation of mysticism and mystical sources across cultures This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come

The Crystal Mirror of Philosophical Systems Thuken Losang Chokyi Nyima, 2017-06-06 The Crystal Mirror of Philosophical Systems by Thuken Losang Chokyi Nyima 1737 1802 is arguably the widest ranging account of religious philosophies ever written in pre modern Tibet Like most Tibetan texts on philosophical systems this work covers the major schools of India both Buddhist and non Buddhist but then goes on to discuss in detail the entire range of Tibetan traditions as well with separate chapters on the Nyingma Kadam Kagyu Shiye Sakya Jonang Geluk and Bon schools Not resting there Thuken goes on to describe the major traditions of China Confucian Daoist and the multiple varieties of Buddhist as well as those of Mongolia Khotan and even Shambhala The Crystal Mirror of Philosophical Systems is unusual too in its concern not just to describe and analyze doctrines but to trace the historical development of the various traditions The Crystal Mirror of Philosophical Systems is an eloquent and erudite presentation exploring the religious history and philosophical systems of an array of Asian Cultures and offering evidence that the serious and sympathetic study of the history of religions has not been a monopoly of Western scholarship
