Copyright Office,1975 *Soldier from the War Returning* Thomas Childers,2009 One of our most enduring national myths surrounds the men and women who fought in the so called Good War The Greatest Generation we re told by Tom Brokaw and others fought heroically then returned to America happy healthy and well adjusted They quickly and cheerfully went on with the business of rebuilding their lives In this shocking and hauntingly beautiful book historian Thomas Childers shatters that myth He interweaves the intimate story of three families including his own with a decades worth of research to paint an entirely new picture of the war s aftermath Drawing on government documents interviews oral histories and diaries he reveals that 10 000 veterans a month were being diagnosed with psycho neurotic disorder now known as PTSD Alcoholism homelessness and unemployment were rampant leading to a skyrocketing divorce rate Many veterans bounced back but their struggle has been lost in a wave of nostalgia that threatens to undermine a new generation of returning soldiers Novelistic in its telling and impeccably researched Childers s book is a stark reminder that the price of war is unimaginably high The consequences are human not just political and the toll can stretch across generations **Index of Patents Issued from the United States Patent and Trademark Office** ,1990 *Television Series and Specials Scripts, 1946-1992* ,2009-10-21 In the early days of television many of its actors writers producers and directors came from radio This crossover endowed the American Radio Archives with a treasure trove of television documents The collected scripts span more than 40 years of American television history from live broadcasts of the 1940s to the late 1980s They also cover the entire spectrum of television entertainment programming including comedies soap operas dramas westerns and crime series The archives cover nearly 1 200 programs represented by more than 6 000 individual scripts Includes an index of personal names program and episode titles and production companies as well as a glossary of industry terms
