The Ghosts Of Old Bay Road:

The Ghosts of Old Bay Road Marie McFadden, 2001 Ghost Hunter's Guide to the San Francisco Bay Area Jeff Dwyer, 2011-10-28 Fans of hauntings and ghost stories who are heading towards San Francisco will love this comprehensive guide to the Bay Area's most eerie spots Fabuloustravel.com Ghost hunting hobbyist Jeff Dwyer has devised a guide that allows the phantom seeker in all of us to add spirit sleuthing to our list of typical tourist activities Ghost Hunter's Guide to the San Francisco Bay Area highlights more than one hundred haunted spots in and around San Francisco all accessible to the public where you can research and organize your own ghost hunt Complete with handy checklists procedural tips and anecdotal evidence of previous sightings at each location the guide is an inquisitive and informative supplement to or replacement for traditional tourist guidebooks of the Bay Area Whether readers visit familiar haunts such as Alcatraz Angel Island Fisherman's Wharf or lesser known locations such as the USS Hornet the Old Bodega Schoolhouse or the First and Last Chance Saloon all are sure to encounter places and consider possibilities unexplored by the average visitor With advice on what to do with a ghost what to do after the ghost hunt and other telekinetic tidbits this guide encourages travelers to be attentive and imaginative willing to take that extra spirit sighting step For the curious armchair traveler it is a lively twist on Bay Area history and landmarks While sometimes scary the ghost stories more often serve as reminders of the sometimes quirky and oftentimes tragically haunting history of the people of California The Reporter Vacaville CA I thought I knew everything about the wine country but I apparently overlooked the protoplasmic walk by night world Mick Winter author of The Napa Valley Book **The Great North Road: York to Edinburgh** Charles George Harper, 2014-11-12 Example in this ebook Chapter I At last we are safely arrived at York perhaps no cause for comment in these days but a circumstance which once upon a time might almost have warranted a special service of prayer and praise in the Minster One comes to York as the capital of a country rather than of a county for it is a city that seems in more than one sense Metropolitan Indeed you cannot travel close upon two hundred miles even in England and in these days of swift communication without feeling the need of some dominating city to act partly as a seat of civil and ecclesiastical government and partly as a distributing centre and if something of this need is even yet apparent how much more keenly it must have been felt in those good old days which were really so bad A half way house so to speak between those other capitals of London and Edinburgh York had all the appearance of a capital in days of old and has lost but little of it in these even though in point of wealth and population it lags behind those rich and dirty neighbours Leeds and Bradford For one thing it has a history to which they cannot lay claim and keeps a firm hold upon titles and dignities conferred ages ago We may ransack the pages of historians in vain in attempting to find the beginnings of York Before history began it existed and just because it seems a shocking thing to the well ordered historical mind that the first founding of a city should go back beyond history or tradition Geoffrey of Monmouth and other equally unveracious chroniclers have obligingly given precise and quite untrustworthy accounts of how it arose at the bidding

of kings who never had an existence outside their fertile brains When the Romans came under Agricola in A D 70 York was here We do not know by what name the Brigantes the warlike tribe who inhabited the northern districts of Britain called it but they possessed forts at this strategic point the confluence of the rivers Ouse and Foss where York still stands and evidently had the military virtues fully developed because it has seemed good to all who have come after them from the Romans and the Normans to ourselves to build and retain castles on the same sites The Brigantes were a great people despite the fact that they had no literature no science and no clothes with which to cover their nakedness and were they in existence now might be useful in teaching our War Office and commanding officers something of strategy and fortification They have left memorials of their existence in the names of many places beginning with Brig and they are the sponsors of all the brigands that ever existed for their name was a Brito Welsh word meaning hill men or highlanders and as in the old days to be a highlander was to be a thief and cut throat the chain of derivative facts that connects them with the bandits of two thousand years is complete To be continue in this ebook *The Ghosts of Virginia* L.
