The Golden Dawn Legacy Of Macgregor Mathers:

Golden Dawn Legacy of MacGregor Mathers Samuel Liddell MacGregor Mathers, J. W. Brodie-Innes, 1998-11

Victorian Occultism and the Making of Modern Magic A. Butler, 2011-01-05 The late Victorian period witnessed the remarkable revival of magical practice and belief Butler examines the individuals institutions and literature associated with this revival and demonstrates how Victorian occultism provided an alternative to the tightening camps of science and religion in a social environment that nurtured magical beliefs The Dragon Legacy Nicholas de Vere, 2004 A collection of essays on the Deresthai culture with accompanying extracts from the Dragon Court archives comprising the official history of the Dragon peoples The Occult Imagination in Britain, 1875-1947 Christine Ferguson, Andrew Radford, 2017-12-15 Between 1875 and 1947 a period bookended respectively by the founding of the Theosophical Society and the death of notorious occultist celebrity Aleister Crowley Britain experienced an unparalleled efflorescence of engagement with unusual occult schema and supernatural phenomena such as astral travel ritual magic and reincarnationism Reflecting the signal array of responses by authors artists actors impresarios and popular entertainers to questions of esoteric spirituality and belief this interdisciplinary collection demonstrates the enormous interest in the occult during a time typically associated with the rise of secularization and scientific innovation The contributors describe how the occult realm functions as a turbulent conceptual and affective space shifting between poles of faith and doubt the sacrosanct and the profane the endemic and the exotic the forensic and the fetishistic Here occultism emerges as a practice and epistemology that decisively shapes the literary enterprises of writers such as Dion Fortune and Arthur Machen artists such as Pamela Colman Smith and revivalists such as Rolf Gardiner **The Sorcery of Solomon** Sara L. Mastros, 2024-01-08 An excellent body of practice for those wishing to explore the vast depths of the magic of the Solomonic pentacles David Rankine author of The Grimoire Encyclopaedia The Key of Solomon is a family of closely related historic grimoires legendarily attributed to Solomon the biblical Magician King Most famously Samuel Liddell MacGregor Mathers s 1889 English edition presented forty four Hebrew seals commonly called the planetary pentacles However it offered very little guidance for how to work with them Sara L Mastros a leading teacher and practitioner of magic translates and interprets each of these pentacles and presents practical methods for working with their magical powers creating a clear accessible user s guide Sara Mastros has provided a deep dive into the forty four pentacles as codified by Mathers Drawing on a wide variety of sources and her own experiences she includes many easy to follow exercises for exploring them Joseph Peterson author of The Secrets of Solomon In The Sorcery of Solomon Mastros places The Key of Solomon in a historical and folkloric context presenting a complete fresh translation of the forty four pentacles all of which have been newly illustrated She guides the reader through the process of working with Solomonic pentacles and more Primarily intended for intermediate level magicians who already have a basic knowledge of spellcraft The Sorcery of Solomon is also appropriate for beginners who are willing to do a bit of extra homework Sara Mastros manages to

illuminate the past history of the pentacles while shining a light forward into the future with clear and thoughtful instruction Not only does she fully explain the design of each pentacle correcting many errors along the way but she shares advice and insight gained from her own work The Sorcery of Solomon delivers what it promises a fully workable system of magic Jason Miller author of Protection and Reversal Magic **The Lady and the Beast** Deja Whitehouse,2024 Although Lady Harris is acknowledged as the artist of Aleister Crowley s Book of Thoth to date most studies have focused predominantly on Harris s role as Crowley s artist executant Whitehouse argues that Harris s involvement extended far beyond the artwork itself The Book of Thoth was a collaboration in which each partner fulfilled a variety of roles building on Crowley s magical theories and practices and Harris s artistic skills and social awareness that enabled her to promote and exhibit their work as it evolved The author presents a study of Harris s life and works seeking to assess her true contribution to Western Esotericism

mundane readings But there is another level to tarot a level that can turn an ordinary tarot reader into a true adept Tarot Decoded transforms ordinary tarot readings into readings that are profound and even surprising by explaining the use and significance of tarot dignitaries Tarot dignitaries are the interaction of the cards with each other in a spread and within a range of correspondences Tarot author Elizabeth Hazel presents a concise useable system for working with tarot dignities to add incredible depth to readings One card placed next to another might not have a readily apparent connection but interpreting tarot dignities could make it very clear that one card enhances or hinders the meaning of another The same is true for tarot neighborhoods within a spread as well as the entire reading Using the Tarot Decoded system for working with tarot dignities can take anyone to the next level of tarot reading The book offers a progressive look at the cards their dignities and their correspondences With Hazel s advice and clear examples and a little practice readings take on a new depth integration and power
