Sir John Davies And The Conquest Of Ireland A Study In Legal Imperialism:

Sir John Davies and the Conquest of Ireland Hans S. Pawlisch, 2002-07-18 A study of the Jacobean regime's use of judge made law to consolidate the Tudor conquest The Ancient Constitution and the Feudal Law J. G. A. Pocock, 1987-04-24

Pocock explores the relationship between the study of law and the historical outlook of seventeenth century Englishmen

The Laws and Other Legalities of Ireland, 1689-1850 Seán Patrick Donlan, 2016-03-03 While Irish historical writing has long been in thrall to the perceived sectarian character of the legal system this collection is the first to concentrate attention on the actual relationship that existed between the Irish population and the state under which they lived from the War of the Two Kings 1689-1691 to the Great Famine 1845-1849 Particular attention is paid to an understanding of the legal character of the state and the reach of the rule of law with contributors addressing such themes as how law was made and put into effect how ordinary people experienced the law and social regulations how Catholics related to the legal institutions of the Protestant confessional state and how popular notions of legitimacy were developed These themes contribute to a wider understanding of the nature of the state in the long eighteenth century and will therefore help to situate the study of Irish society into the mainstream of English and European social history **Enforcing Reformation in Ireland and Scotland,**

1550-1700 Crawford Gribben, 2016-04-29 The last few years have witnessed a growing interest in the study of the Reformation period within the three kingdoms of Britain revolutionizing the way in which scholars think about the relationships between England Scotland and Ireland Nevertheless it is a fact that the story of the British Reformation is still dominated by studies of England an imbalance that this book will help to right By adopting an international perspective the essays in this volume look at the motives methods and impact of enforcing the Protestant Reformation in Ireland and Scotland The juxtaposition of these two countries illuminates the similarities and differences of their social and political situations while qualifying many of the conclusions of recent historical work in each country As well as Investigating what reformation meant in the early modern period and examining its literal rhetorical doctrinal moral and political implications the volume also explores what enforcing these various reformations could involve Taken as a whole this volume offers a fascinating insight into how the political authorities in Scotland and Ireland attempted with varying degrees of success to impose Protestantism on their countries By comparing the two situations and placing them in the wider international picture our understanding of European confessionalization is further enhanced **Legal Histories of Empire** Lyndsay

Campbell, Shaunnagh Dorsett, 2024-10-11 This collection brings together an international group of scholars in order to provide new insights into the diversity of imperial legalities Across empires legalities were produced not just or even through the imperial imposition of laws and legal forms but through local processes of negotiation and contestation Far from the metropolises local actors found ways to creatively navigate and subvert imperial frameworks and laws and to create space in which to shape new legalities responsive to local circumstance and need Covering topics as diverse as smuggling in

eighteenth century Jersey the criminalisation of female market women in World War II era southern Nigeria and whiteness and race in sexual perversion cases in twentieth century Malaya the collection elaborates new legal histories of empire Drawing from Britain Ireland Australia Canada the USA India Sri Lanka Africa and Malaysia the collection brings together chapters that examine the stories of the peoples of empires and shows how they constituted experienced navigated and subverted the legal complexities of living under empire This book will be of interest to scholars and researchers in law and history but also to those with relevant interests in post colonial and cultural studies as well as in criminology and sociology

The Mental World of the Jacobean Court Linda Levy Peck, 2005-10-13 New interpretations of Jacobean court culture by an international group of specialists *Calvinism, Reform and the Absolutist State in Elizabethan Ireland* Mark A Hutchinson, 2015-10-06 Despite the best efforts of the English government Elizabethan Ireland remained resolutely Catholic Hutchinson examines this failure of the Protestant Reformation He argues that the emerging political concept of the absolutist state forms a crucial link between English policy in Ireland and the aims of the Calvinist reformers

Christianity and the Making of Irish Law David H. McIlroy, 2025-11-18 For almost two millennia the island of Ireland has continued to have an impact on European and English speaking Christianity and culture out of all proportion to its size and position This volume looks at key Irish figures beyond lawyers and judges whose ideas have impacted on the way law is conceived conceptualised and practised The work consists of four Parts each corresponding to a distinct historical phase During the Early Mediaeval Period Christian influence was visible both in Ireland's brehon legal system and in the treatises which Irish monks wrote on subjects such as the law of war and how to rule as a Christian prince In the post mediaeval period the Protestant Ascendancy required defenders of the new settlement whose ideas would have ramifications for the colonisation of the New World We also find Ireland producing thinkers of international stature such as Archbishop James Ussher Bishop George Berkeley and Edmund Burke who set a trend of Irish influence throughout the English speaking world The struggle for independence in the nineteenth and early twentieth centuries produced the towering figures of Daniel O Connell Edward Carson and Eamon de Valera as well as Patrick Pearse the lodestar of the Easter Rising in 1916 In the twentieth century great Irish men and women who influenced English speaking culture include C S Lewis James Joyce Richard O Sullivan KC and Herbert McCabe They show the enduring importance of a commitment to reason and a desire for virtue against the backdrop of the conflicts both domestic and international which impacted Ireland With contributions drawn from Irish British and North American scholars and lawyers the diversity of international and methodological perspectives is a key strength of the volume The book will appeal to scholars lawyers and students interested in the history of ideas the interplay between religion and law and Ireland as a place of contestation experimentation and generation of new ideas **A Treatise of Legal Philosophy and General Jurisprudence** Michael Lobban, 2016-02-12 The first ever multivolume treatment of the issues in legal philosophy and general jurisprudence from both a theoretical and a historical

The Irish parliament, 1613-89 Coleman A. Dennehy, 2019-05-16 The Irish parliament was both the scene of frequent political battles and an important administrative and legal element of the state machinery of early modern Ireland This institutional study looks at how parliament dispatched its business on a day to day basis It takes in major areas of responsibility such as creating law delivering justice conversing with the executive and administering parliamentary privilege Its ultimate aim is to present the Irish parliament as one of many such representative assemblies emerging from the feudal state and into the modern world with a changing set of responsibilities that would inevitably transform the institution and how it saw both itself and the other political assemblies of the day
