Radical-Relational Perspectives in Transactional Analysis Psychotherapy Karen Minikin, 2023-09-21 Radical Relational Perspectives in Transactional Analysis Psychotherapy assesses various forms of oppression in current historical and personal perspectives and considers the impact this has on the development and sustenance of the psyche Within this book Minikin reformulates the ideas of Radical Psychiatry for the contemporary community and both honours the historical legacy of including the social and political in transactional analysis and offers a critique of Eurocentrism in traditional relational perspectives Through personal and clinical illustrations Minikin encourages those in the TA community to move topics such as diversity from the margins to the centre when working with patients and to integrate the political with traditional relational perspectives The consequences of becoming marginalized through alienation speaks across multiple disciplines in social sciences making this a must read for counsellors psychotherapists and other applied psychologists who want to think more deeply about social responsibility within their work Transactional

Analysis Approaches to Brief Therapy Keith Tudor, 2002-02-05 Of all the approaches to therapy Transactional Analysis or TA is arguably one of those most suited to time limited work At a time when short term therapy is increasingly dominant as a form of practice Transactional Analysis Approaches to Brief Therapy provides an insightful guide which both informs and challenges Rather than a single theory TA has developed as a group of four schools which share a common philosophy but place different emphasis on what occurs during the therapeutic process Written by therapists at the leading edge of developments in TA the book presents and differentiates each of these four approaches Through transcripts and commentaries it shows how theory applies to practice for example

Becoming a Counsellor Kirsten Amis, 2011-03-18
Becoming a Counsellor is a one stop reference book for all new counselling trainees Whether starting out on an introductory

course or tackling a postgraduate diploma this book will make the journey to professional qualification that little bit easier It addresses the complexities and challenges of counselling training by confronting and unpicking the many potentially daunting issues and questions faced by students throughout their training The book covers a comprehensive range of topics including choosing a course and theoretical orientation clarifying roles who s who on the course explaining common pedagogical activities and expectations including the personal development journal assessment supervision and support ethical and legal issues While earlier chapters introduce methods of learning and developing for those new to the field later sections addressing research supervision and placements will be of interest to students who are studying at a higher level This engaging straightforward introduction to counselling will be an essential companion for students new to counselling throughout their training whether on basic introductory or postgraduate diploma courses [An Introduction To Counselling](#)
