

Complete In One Volume!

The Rules From Two Classic Boxed Sets:

When Thomas Edison crash-landed on Mars in 1920 in the other story of his own invention, it opened the portal to an ancient and exotic civilization. Nineteen years later, the British Empire is finally established in several colonial outposts, and steam-powered aerial gunboats patrol the skies above the Martian canals. But now the Martian princes threaten the British, and clouds of deadly robots and powerful laser galleries are bent against the invaders.
