Frank Baum, 2016-08-21 With *The Sea Fairies* my book for 1911 I ventured into a new field of fairy literature and to my delight the book was received with much approval by my former readers many of whom have written me that they like Trot almost as well as Dorothy As Dorothy was an old old friend and Trot a new one I think this is very high praise for Cap n Bill s little companion Cap n Bill is also a new character who seems to have won approval and so both Trot and the old sailor are again introduced in the present story which may be called the second of the series of adventures of Trot and Cap n Bill But you will recognize some other acquaintances in *Sky Island* Here for instance is Button Bright who once had an adventure with Dorothy in Oz and without Button Bright and his Magic Umbrella you will see that the story of *Sky Island* could never have been written As Polychrome the Rainbow s Daughter lives in the sky it is natural that Trot and Button Bright meet her during their adventures there This story of *Sky Island* has astonished me considerably and I think it will also astonish you The sky country is certainly a remarkable fair land but after reading about it I am sure you will agree with me that our old Mother Earth is a very good place to live upon and that Trot and Button Bright and Cap n Bill were fortunate to get back to it again By the way one of my little correspondents has suggested that I print my address in this book so that the children may know where letters will reach me I am doing this as you see and hope that many will write to me and tell me how they like *Sky Island* My greatest treasures are these letters from my readers and I am always delighted to receive them L FRANK BAUM **Sky Island** (□□□□) L.
