Slavery And Servitude In Colonial North America A Short History

Emily Zobel Marshall

Slavery And Servitude In Colonial North America A Short History:

Slavery and Servitude in Colonial North America Kenneth Morgan, 2001-08 Kenneth Morgan shows how the institutions of indentured servitude and black slavery interacted in the seventeenth and eighteenth centuries He covers all aspects of the two labor systems including their impact on the economy on racial attitudes social structures and on regional variations within the colonies Throughout overriding themes emerge the labor market in North America for indentured servants the significance of racial distinctions supply and demand factors in transatlantic migration and labor and resistance to bondage

A Short History of Transatlantic Slavery Kenneth Morgan, 2016-04-25 From 1501 when the first slaves arrived in Hispaniola until the nineteenth century some twelve million people were abducted from west Africa and shipped across thousands of miles of ocean the infamous Middle Passage to work in the colonies of the New World Perhaps two million Africans died at sea Why was slavery so widely condoned during most of this period by leading lawyers religious leaders politicians and philosophers How was it that the educated classes of the western world were prepared for so long to accept and promote an institution that would later ages be condemned as barbaric Exploring these and other questions and the slave experience on the sugar rice coffee and cotton plantations Kenneth Morgan discusses the rise of a distinctively Creole culture slave revolts including the successful revolution in Haiti 1791 1804 and the rise of abolitionism when the ideas of Montesquieu Wilberforce Quakers and others led to the slave trade s systemic demise At a time when the menace of human trafficking is of increasing concern worldwide this timely book reflects on the deeper motivations of slavery as both ideology and merchant institution

Encyclopedia of African American History, 1619-1895 Paul Finkelman, 2006-04-06 It is impossible to understand America without understanding the history of African Americans In nearly seven hundred entries the *Encyclopedia of African American History 1619 1895* documents the full range of the African American experience during that period from the arrival of the first slave ship to the death of Frederick Douglass and shows how all aspects of American culture history and national identity have been profoundly influenced by the experience of African Americans The *Encyclopedia* covers an extraordinary range of subjects Major topics such as Abolitionism Black Nationalism the Civil War the Dred Scott case Reconstruction Slave Rebellions and Insurrections the Underground Railroad and Voting Rights are given the in depth treatment one would expect But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre Black Seafarers Buffalo Soldiers the Catholic Church and African Americans Cemeteries and Burials Gender Midwifery New York African Free Schools Oratory and Verbal Arts Religion and Slavery the Secret Six and much more In addition the *Encyclopedia* offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history from Crispus Attucks John Brown and Henry Ward Beecher to Olaudah Equiano Frederick Douglass Sarah Grimke Sojourner Truth Nat Turner Phillis Wheatley and many others All of the *Encyclopedia* s alphabetically arranged entries are accessibly written and free of jargon and

technical terms To facilitate ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness

Slavery and the Enlightenment in the British Atlantic, 1750-1807 Justin Roberts,2013-07-08 This book examines the daily details of slave work routines and plantation agriculture in the eighteenth century British Atlantic focusing on case studies of large plantations in Barbados Jamaica and Virginia Work was the most important factor in the slaves experience of the institution Slaves day to day work routines were shaped by plantation management strategies that drew on broader pan Atlantic intellectual and cultural principles Although scholars often associate the late eighteenth century Enlightenment with the rise of notions of liberty and human rights and the dismantling of slavery this book explores the dark side of the Enlightenment for plantation slaves Many planters increased their slaves workloads and employed supervisory technologies to increase labor discipline in ways that were consistent with the process of industrialization in Europe British planters offered alternative visions of progress by embracing restrictions on freedom and seeing increasing labor discipline as central to the project of moral and economic improvement

Encyclopedia of U.S. Labor and Working-class History Eric Arnesen,2007 Publisher Description

The Princeton Companion to Atlantic History Joseph C. Miller,Vincent Brown,Jorge Cañizares-Esguerra,Laurent Dubois,Karen Ordahl Kupperman,2015-01-18 The first encyclopedic reference to Atlantic history Between the fifteenth and nineteenth centuries the connections among Africa the Americas and Europe transformed world history through maritime exploration commercial engagements human migrations and settlements political realignments and upheavals cultural exchanges and more This book the first encyclopedic reference work on Atlantic history takes an integrated multicontinental approach that emphasizes the dynamics of change and the perspectives and motivations of the peoples who made it happen The entries all specially commissioned for this volume from an international team of leading scholars synthesize the latest scholarship on central themes including economics migration politics war technologies and science the physical environment and culture Part one features five major essays that trace the changes distinctive to each chronological phase of Atlantic history Part two includes more than 125 entries on key topics from the seemingly familiar viewed in unfamiliar and provocative ways the Seven Years War trading companies to less conventional subjects family networks canon law utopias This is an indispensable resource for students researchers and scholars in a range of fields from early American African Latin American and European history to the histories of economics religion and science The first encyclopedic reference on Atlantic history Features five major essays and more than 125

American Colonial Conflicts to 1775: A-K, 2008 Covers all major wars and conflicts in North America from the late 15th to mid 18th centuries with discussions of key battles diplomatic efforts military technologies and strategies and tactics Explores the context for conflict with essays on competing colonial powers every major Native American tribe all important political and military leaders and a range of social and cultural issues Publisher's Web site *From Slavery to Segregation* Keith M. Finley, 2024-10-03 Keith M. Finley's *From Slavery to Segregation* explores the key features shaping southern politics during the nineteenth and twentieth centuries as explained in the South's defense of its racial systems It treats slavery and segregation as part of the same whole rather than as discrete institutions rooted in different periods In the process the book uncovers the deep historical origins of the region's states rights philosophy and the unfortunate persistence of a culture dominated by calls for white supremacy While highlighting the broad overview of southern racial and political thought Finley underscores the larger American struggle with racial injustice which although most pronounced in the South afflicted the entire nation The South's defense of chattel slavery became a natural model for the region's defense of segregation during the Jim Crow era Through a comparative analysis of the rhetoric employed in the justification of both racial institutions Finley reveals elements of continuity and change in the region's identity Ultimately he shows how the history of the twentieth century South is irreparably linked to the century before it For instance one cannot understand the ferocity of resistance to the Supreme Court's 1954 *Brown v. Board* decision without being aware of how and why the South emerged as it did after the Civil War The Old South and the New South shared a similar constellation of ideas that informed arguments advancing their respective race based social orders which took the form of a commonality of perception regarding race a sense of being assailed by outsiders and a series of appeals to the highest secular authority in the pantheon of regional and American beliefs the Constitution Discontinuity however marked the long term strategies of both the prewar and postwar South Although segregationists sought to preserve the racial status quo as did their forebears they ultimately relented when confronted with federal power and grudgingly shifted toward a narrative that less often foregrounded race when championing states rights

E Pluribus Unum William Edward Nelson, 2019 In *E Pluribus Unum* eminent legal historian William E. Nelson shows that the colonies' gradual embrace of the common law was instrumental to the establishment of the United States He traces how the diverse legal orders of Britain's thirteen colonies gradually evolved into one system adding to our understanding of how law impacted governance in the colonial era and beyond *American Trickster* Emily Zobel Marshall, 2019-06-18 Our fascination with the trickster figure whose presence is global stems from our desire to break free from the tightly regimented structures of our societies Condemned to conform to laws and rules imposed by governments communities social groups and family bonds we revel in the fantasy of the trickster whose energy and cunning knows no bounds and for whom nothing is sacred One such trickster is Brer Rabbit who was introduced to North America through the folktales of enslaved Africans On the plantations Brer Rabbit like Anansi in the Caribbean functioned as a resistance figure for the enslaved whose trickery

was aimed at undermining and challenging the plantation regime Yet as Brer Rabbit tales moved from the oral tradition to the printed page in the late nineteenth century the trickster was emptied of his potentially powerful symbolism by white American collectors authors and folklorists in their attempt to create a nostalgic fantasy of the plantation past American Trickster offers readers a unique insight into the cultural significance of the Brer Rabbit trickster figure from his African roots and through to his influence on contemporary culture Exploring the changing portrayals of the trickster figure through a wealth of cultural forms including folktales advertising fiction and films the book scrutinises the profound tensions between the perpetuation of damaging racial stereotypes and the need to keep African American folk traditions alive Emily Zobel Marshall argues that Brer Rabbit was eventually reclaimed by twentieth century African American novelists whose protagonists trick their way out of limiting stereotypes break down social and cultural boundaries and offer readers practical and psychological methods for challenging the traumatic legacies of slavery and racism

Encyclopedia of the Atlantic World, 1400-1900 David Head, 2017-11-16 A first of its kind reference resource traces the interactions among four Atlantic facing continents Europe Africa and the Americas including the Caribbean between 1400 and 1900 Until recently the age of exploration and empire building was researched and taught within imperial and national boundaries The histories of Europe Africa North America and South America were told largely as independent stories with the development of individual places within each continent further separated from each other The indigenous populations of places colonized by Europeans fit into the history even more uneasily often mentioned only in passing Encyclopedia of the Atlantic World 1400 1900 synthesizes a generation of historical scholarship on the events on four continents providing readers an invaluable introduction to the major people places events movements objects concepts and commodities of the Atlantic world as it developed during a key period in history when the world first started to shrink The entries discuss specific topics with an eye toward showing how individual items people and events were connected to the larger Atlantic world This accessibly written reference book brings together topics usually treated separately and discretely alleviating the need for extra legwork when researching and it draws from the latest research to make a vast body of scholarship about seemingly far flung places available to readers new to the field

The Encyclopedia of North American Colonial Conflicts to 1775 Spencer C. Tucker, James R. Arnold, Roberta Wiener, 2008-08-13 The only multivolume encyclopedia covering all aspects of North American colonial warfare with special attention paid to the social political cultural and economic affairs that were affected by the conflicts Encyclopedia of North American Colonial Conflicts to 1775 A Political Social and Military History is the first multivolume resource on the full range of combat and confrontation in the New World prior to the American Revolution not just rivalries between European empires but Indian conflicts slave rebellions and popular uprisings as well Organized A Z the encyclopedia covers all major wars and conflicts in North America from the late 15th to mid 18th centuries with discussions of key battles diplomatic efforts military technologies and strategies and tactics Encyclopedia of North American Colonial

Conflicts to 1775 explores the context for conflict with essays on competing colonial powers every major Native American tribe all important political and military leaders and a range of social and cultural issues The insights and information contained here will help anyone understand the genesis of North American culture the plight of Native Americans after European contact and the beginnings of the United States of America

Historical Dictionary of the British Empire
Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth's land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re-exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross-referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain

The Atlantic World Toyin Falola, Kevin D. Roberts, 2008-04-16 This ambitious work provides an overview of the Atlantic world since the 15th century by exploring the major themes that define the study of this region Contact with Europeans in Africa and the Americas the slave trade gender and race in the early Atlantic world independence movements in Africa Caribbean nationalism and gender and identity in the 20th century are just a few subjects discussed Moving beyond the micro histories of the scholarly monograph to connect the fruits of those researches with broader events and processes this book in the editors words makes a concerted effort to re-connect elites and non-elites Old World and New early modern and modern and economics and culture It will be a point of embarkation for a new generation of students of the Atlantic world

The Legal Understanding of Slavery Jean Allain, 2012-09-27 Slavery is the status or condition of a person over whom any or all of the powers attaching to the right of ownership are exercised So reads the legal definition of slavery agreed by the League of Nations in 1926 Further enshrined in law during international negotiations in 1956 and 1998 this definition has been interpreted in different ways by the international courts in the intervening years What can be considered slavery Should forced labour be considered slavery Debt bondage Child soldiering Or forced marriage This book explores the limits of how slavery is understood in law It shows how the definition of slavery in law and the contemporary understanding of slavery has continually evolved and continues to be contentious It traces the evolution of concepts of slavery from Roman law through the Middle Ages the 18th and 19th

centuries up to the modern day manifestations including manifestations of forced labour and trafficking in persons and considers how the 1926 definition can distinguish slavery from lesser servitudes Together the contributors have put together a set of guidelines intended to clarify the law where slavery is concerned The Bellagio Harvard Guidelines on the Legal Parameters of Slavery reproduced here for the first time takes their shared understanding of both the past and present to project a consistent interpretation of the legal definition of slavery for the future *An Economic History of the United States* Ronald Seavoy,2013-10-18 An Economic History of the United States is an accessible and informative survey designed for undergraduate courses on American economic history The book spans from 1607 to the modern age and presents a documented history of how the American economy has propelled the nation into a position of world leadership Noted economic historian Ronald E Seavoy covers nearly 400 years of economic history beginning with the commercialization of agriculture in the pre colonial era through the development of banks and industrialization in the nineteenth century up to the globalization of the business economy in the present day **The Economy of Early America** Cathy D. Matson,2006-01-01 In recent years scholars in a number of disciplines have focused their attention on understanding the early American economy The result has been an outpouring of scholarship some of it dramatically revising older methodologies and findings and some of it charting entirely new territory new subjects new places and new arenas of study that might not have been considered economic in the past The Economy of Early America enters this resurgent discussion of the early American economy by showcasing the work of leading scholars who represent a spectrum of historiographical and methodological viewpoints Contributors include David Hancock Russell Menard Lorena Walsh Christopher Tomlins David Waldstreicher Terry Bouton Brooke Hunter Daniel Dupre John Majewski Donna Rilling and Seth Rockman as well as Cathy Matson *The Constitution and American Racism* David P. Madden,2020-12-14 Racism has permeated the workings of the U S Constitution since ratification At the 1787 Constitutional Convention supporters of slavery ensured it was protected by rule of law The federal government upheld slavery until it was abolished by the Civil War then supported the South s Jim Crow power structure From Reconstruction through the Civil Rights Era until today veneration of the Constitution has not prevented lynching segregation voter intimidation or police brutality against people of color The Electoral College a Constitutional accommodation for slaveholding aristocrats who feared popular government has twice in 20 years given the presidency to the candidate who lost the popular vote This book describes how pernicious flaws in the Constitution included to legalize profiting from human bondage perpetuate systemic racism economic inequality and the subversion of democracy
