# Slavery And Freedom In The Age Of The American Revolution

**Kenneth Morgan**

## **Slavery And Freedom In The Age Of The American Revolution:**

**Slavery and freedom in the age of the American Revolution** Ira Berlin, 1983      **Slavery and Freedom in the Age of the American Revolution** United States Capitol Historical Society, 1986      Slavery and Freedom Ira Berlin, Ronald Hoffman, 1983      **Forging Freedom** Gary B. Nash, 1988 This book is the first to trace the fortunes of the earliest large free black community in the U S Nash shows how black Philadelphians struggled to shape a family life gain occupational competence organize churches establish social networks advance cultural institutions educate their children and train leaders who would help abolish slavery      **The debate on the American Revolution** Gwenda Morgan, 2024-06-04 This book is the first in depth study of the way in which historians have dealt with the coming of the American Revolution and the formation of the US Constitution The approach is thematic examining how historians in different periods interpreted these events and their causes and more contentiously their meaning Making accessible to modern readers the work of often neglected early historians this book examines how the emergence of history as a professional discipline led to new and competing versions of the history of the Revolution It spans the entire period from the first generation of writers whose ideas about history were shaped by the Enlightenment to those of the twenty first century who drew on the rich legacy provided by black studies gender and women s studies cultural studies and ethnohistory This book will be an invaluable resource for all students and scholars of the American Revolution      *The Political Worlds of Slavery and Freedom* Steven Hahn, 2009-03-31 Pulitzer Prize winner Steven Hahn s provocative new book challenges deep rooted views in the writing of American and African American history Moving from slave emancipations of the eighteenth century through slave activity during the Civil War and on to the black power movements of the twentieth century he asks us to rethink African American history and politics in bolder more dynamic terms Historians have offered important new perspectives and evidence concerning the geographical expanse of slavery in the United States and the protracted process of abolishing it They have also uncovered a wealth of new material on the political currents running through black communities from enslavement to the present day Yet their scholarship has failed to dislodge familiar interpretive frameworks that may no longer make much sense of the past Based on the Nathan I Huggins Lectures at Harvard University *The Political Worlds of Slavery and Freedom* asks why this may be so and offers sweeping reassessments It defines new chronological and spatial boundaries for American and African American politics during the first half of the nineteenth century It suggests with historical comparisons that we may have missed a massive slave rebellion during the Civil War And it takes a serious look at the development and appeal of Garveyism and the hidden history of black politics it may help to reveal Throughout it presents African Americans as central actors in the arenas of American politics while emphasizing traditions of self determination self governance and self defense among them      **The Negro in the American Revolution** Benjamin Quarles, 2012-12-01 Originally published in 1961 this classic work remains the most comprehensive history of the many and important roles played by African Americans during the

American Revolution With this book Benjamin Quarles added a new dimension to the military history of the Revolution and addressed for the first time the diplomatic repercussions created by the British evacuation of African Americans at the close of the war The compelling narrative brings the Revolution to life by portraying those tumultuous years as experienced by Americans at all levels of society In an introduction Gary B Nash traces the evolution of scholarship on African Americans in the American Revolution from its early roots with William C Nell to this groundbreaking study Quarles s work not only reshaped our thinking about the black revolutionary experience but also invigorated the study of black history as we know it today Thad W Tate in a foreword pays tribute to the importance of this work and explains its continuing relevance

*Slavery and Freedom in the Mid-Hudson Valley* Michael E. Groth, 2017-04-17 Slavery and Freedom in the Mid Hudson Valley focuses on the largely forgotten history of slavery in New York and the African American freedom struggle in the central Hudson Valley prior to the Civil War Slaves were central actors in the drama that unfolded in the region during the Revolution and they waged a long and bitter battle for freedom during the decades that followed Slavery in the countryside was more oppressive than slavery in urban environments and the agonizingly slow pace of abolition constraints of rural poverty and persistent racial hostility in the rural communities also presented formidable challenges to free black life in the central Hudson Valley Michael E Groth explores how Dutchess County s black residents overcame such obstacles to establish independent community institutions engage in political activism and fashion a vibrant racial consciousness in antebellum New York By drawing attention to the African American experience in the rural Mid Hudson Valley this book provides new perspectives on slavery and emancipation in New York black community formation and the nature of black identity in the Early Republic

*The Oxford Handbook of the American Revolution* Edward G. Gray, Jane Kamensky, 2015 The Oxford Handbook of the American Revolution introduces scholars students and generally interested readers to the formative event in American history In thirty three individual essays the Handbook provides readers with in depth analysis of the Revolution s many sides

*Slavery, Freedom, and Expansion in the Early American West* John Craig Hammond, 2020-11-20 Most treatments of slavery politics and expansion in the early American republic focus narrowly on congressional debates and the inaction of elite founding fathers such as Thomas Jefferson and James Madison In Slavery Freedom and Expansion in the Early American West John Craig Hammond looks beyond elite leadership and examines how the demands of western settlers the potential of western disunion and local popular politics determined the fate of slavery and freedom in the West between 1790 and 1820 By shifting focus away from high politics in Philadelphia and Washington Hammond demonstrates that local political contests and geopolitical realities were more responsible for determining slavery s fate in the West than were the clashing proslavery and antislavery proclivities of Founding Fathers and politicians in the East When efforts to prohibit slavery revived in 1819 with the Missouri Controversy it was not because of a sudden awakening to the problem on the part of northern Republicans but because the threat of western secession no longer seemed credible Including detailed studies of

popular political contests in Ohio Indiana Illinois Mississippi Louisiana and Missouri that shed light on the western and popular character of conflicts over slavery Hammond also provides a thorough analysis of the Missouri Controversy revealing how the problem of slavery expansion shifted from a local and western problem to a sectional and national dilemma that would ultimately lead to disunion and civil war

**The Practice of U.S. Women's History** S. J. Kleinberg, Eileen Boris, Vicki Ruíz, 2007 In the last several decades U S women s history has come of age Not only have historians challenged the national narrative on the basis of their rich explorations of the personal the social the economic and the political but they have also entered into dialogues with each other over the meaning of women s history itself In this collection of seventeen original essays on women s lives from the colonial period to the present contributors take the competing forces of race gender class sexuality religion and region into account Among many other examples they examine how conceptions of gender shaped government officials attitudes towards East Asian immigrants how race and gender inequality pervaded the welfare state and how color and class shaped Mexican American women s mobilization for civil and labor rights

**Slavery and Freedom on the Middle Ground** Barbara Jeanne Fields, 1987-01-01 Examines the history of slavery in Maryland and discusses the conditions of life of Maryland s slaves and free Blacks

*Slavery, Freedom and Culture Among Early American Workers* Graham Russell Hodges, 1998 This text consists of six chapters all on the related subjects of black revolt slavery freemanship and labour A short introduction organizes the collection and argues its importance for historians of early American labour slavery black studies and general history

The Unsteady March Philip A. Klinkner, Rogers M. Smith, 2002-04 With its insights into contemporary racial politics The Unsteady March offers a penetrating and controversial analysis of American race relations across two centuries

The Methodists and Revolutionary America, 1760-1800 Dee Andrews, 2002-03-31 The Methodists and Revolutionary America is the first in depth narrative of the origins of American Methodism one of the most significant popular movements in American history Placing Methodism s rise in the ideological context of the American Revolution and the complex social setting of the greater Middle Atlantic where it was first introduced Dee Andrews argues that this new religion provided an alternative to the exclusionary politics of Revolutionary America With its call to missionary preaching its enthusiastic revivals and its prolific religious societies Methodism competed with republicanism for a place at the center of American culture Based on rare archival sources and a wealth of Wesleyan literature this book examines all aspects of the early movement From Methodism s Wesleyan beginnings to the prominence of women in local societies the construction of African Methodism the diverse social profile of Methodist men and contests over the movement s future Andrews charts Methodism s metamorphosis from a British missionary organization to a fully Americanized church Weaving together narrative and analysis Andrews explains Methodism s extraordinary popular appeal in rich and compelling new detail

Slavery, Freedom, and Abolition in Latin America and the Atlantic World Christopher Schmidt-Nowara, 2011-08-16 Why slavery was so resilient and how people in Latin America fought against it are the subjects of this compelling study

Slavery in America Kenneth Morgan, 2005 Designed specially for undergraduate course use this new textbook is both an introduction to the study of American slavery and a reader of core texts on the subject No other volume that combines both primary and secondary readings covers such a span of time from the early seventeenth century to the Civil War The book begins with a substantial introduction to the entire volume that gives an overview of slavery in North America Each of the twelve chapters that follow has an introduction that discusses the leading secondary books and articles on the topic in question followed by an essay and three primary documents Questions for further study and discussion are included in the chapter introduction while further readings are suggested in the chapter bibliography Topics covered include slave culture the slave based economy slavery and the law slave resistance pro slavery ideology abolition and emancipation The essays by such eminent historians as Drew Gilpin Faust Don E Fehrenbacher Eric Foner John Hope Franklin and Sylvia R Frey have been selected for their teaching value and ability to provoke discussion Drawing on black and white male and female experiences the primary documents come from a wide variety of sources diaries letters laws debates oral testimonies travelers accounts inventories journals autobiographies petitions and novels

The Great Migration in Historical Perspective Joe William Trotter, 1991-11-22 The essays collected in this book represent the best of our present understanding of the African American migration which began in the early twentieth century Southern Historian As an overview of a field in transition this is a valuable and deeply thought provoking anthology Pennsylvania History provocative and informative Louisiana History The papers themselves are uniformly strong and read together cast interesting light upon one another Georgia Historical Quarterly well written and insightful essays Journal of American History This well researched and well documented collection represents the latest scholarship on the black migration Illinois Historical Journal an impressive balance of theory and historical content Indiana Magazine of History Legions of black Americans left the South to migrate to the jobs of the North from the meat packing plants of Chicago to the shipyards of Richmond California These essays analyze the role of African Americans in shaping their own geographical movement emphasizing the role of black kin friend and communal network Contributors include Darlene Clark Hine Peter Gottlieb James R Grossman Earl Lewis Shirley Ann Moore and Joe William Trotter Jr

**Revolutionary America, 1763-1815** Francis D. Cogliano, 2003-09-02 The American Revolution describes and explains the crucial events in the history of the United States between 1763 and 1815 when settlers in North America rebelled against British authority won their independence in a long and bloody struggle and created an enduring republic Placing the political revolution at the core of the story this book considers the deterioration of the relationship between Britain and the American colonists the Wars of Independence the creation of the republican government and the ratification of the United States Constitution the trials and tribulations of the first years of the new republic The American Revolution also examines those who paradoxically were excluded from the political life of the new republic and the American claim to uphold the principle that all men are created equal In particular this book describes the

experiences of women who were often denied the rights of citizens Native Americans and African Americans The American Revolution is an important book for all students of the American past      **Runaway America** David Waldstreicher, 2004-08-18 Capturing the paradox of Benjamin Franklin on the issue of slavery the author chronicles Franklin's time as an indentured servant as well as his later work as a publisher where he profited from advertising notices about runaway slaves
