The Gender Of Rosalind Interpretations Shakespeare Buchner Gautier:

The Gender of Rosalind Jan Kott, 1992 Theater critics and scholars around the world have long admired Jan Kott as in Michael Holquist's words in the fullest sense of the term a man of the theater In the quarter century since his landmark Shakespeare Our Contemporary 1964 appeared in English Kott has continued to challenge conceptions of the theater frequently using Shakespeare's plays as reference points in his broad critical studies Sparkling with the wit and verbal agility that characterize his writing Kott's newest volume brings together three of his most important recent essays each of them grounded in a particular Shakespeare play **Great Shakespeareans Set III** Adrian Poole, Peter Holland, 2014-09-11 Great Shakespeareans presents a systematic account of those figures who have had the greatest influence on the interpretation understanding and cultural reception of Shakespeare both nationally and internationally This major project offers an unprecedented scholarly analysis of the contribution made by the most important Shakespearean critics editors actors and directors as well as novelists poets composers and thinkers from the seventeenth to the twentieth century An essential resource for students and scholars in Shakespeare studies *The Homoerotics of Early Modern Drama* Mario DiGangi, 1997-09-04 DiGangi analyses the relation between homoeroticism and social power in a range of literary and historical texts from the 1580s to the 1620s drawing on insights from materialist queer and feminist theory to show the centrality of homoerotic practices Shakespeare's Double Plays Brett Gamboa, 2018-05-03 In the first comprehensive study of how Shakespeare designed his plays to suit his playing company Brett Gamboa demonstrates how Shakespeare turned his limitations to creative advantage and how doubling roles suited his unique sense of the dramatic By attending closely to their dramaturgical structures Gamboa analyses casting requirements for the plays Shakespeare wrote for the company between 1594 and 1610 and describes how using the embedded casting patterns can enhance their thematic and theatrical potential Drawing on historical records dramatic theory and contemporary performance this innovative work questions received ideas about early modern staging and provides scholars and contemporary theatre practitioners with a valuable guide to understanding how casting can help facilitate audience engagement Supported by an appendix of speculative doubling charts for plays illustrations and online resources this is a major contribution to the understanding of Shakespeare's dramatic craft Shakespeare's Universal Wolf Hugh Grady, 1996 Shakespeare was neither a Royalist defender of order and hierarchy nor a consistently radical champion of social equality but rather simultaneously radical and conservative as a critic of emerging forms of modernity Hugh Grady argues that Shakespeare's social criticism in fact often parallels that of critics of modernity from our own Postmodernist era that the broad analysis of modernity produced by Marx Horkheimer and Adorno Foucault and others can serve as a productive enabling representation and critique of the emerging modernity represented by the image in Troilus and Cressida of an universal wolf of appetite power and will The readings of Troilus and Cressida Othello King Lear and As You Like It in Shakespeare's Universal Wolf demonstrate Shakespeare's keen interest in what twentieth

century theory has called reification a term which designates social systems created by human societies but which confronts those societies as operating beyond human control according to an autonomous systems logic in nascent mercantile capitalism in power oriented Machiavellian politics and in the scientific value free rationality which Horkheimer and Adorno call instrumental reason *The Ancients and Shakespeare on Time* Piotr Nowak, 2014-04-01 In *The Ancients and Shakespeare on Time* Piotr Nowak depicts a world where tradition devoid of gravity Sans teeth sans eyes sans taste sans everything attempts to curb the young and new while youth resists with all its power vitality and characteristic insolence The wars of generations which Nowak explores in the works of Plato Aristophanes and Shakespeare pertain to the essence and meaning of time They make up the dramatic tensions in the transgenerational dialogue between the old and the young
