The Gender Trap: Education and work Carol Adams,Rae Laurikietis,1977 The Gender Trap Carol Adams,Rae Laurikietis,1976 **The Sage Encyclopedia of Education and Gender** Elizabeth E. Blair,Sherry L. Deckman,2025-10-02

The Encyclopedia of Education and Gender is a timely and expansive two volume reference work that addresses the urgent need for a comprehensive inclusive resource on gender in educational contexts worldwide While understandings of gender roles expectations and opportunities have evolved significantly schools continue to serve as key battlegrounds for debates over gender identity access and expression This encyclopedia responds to ongoing educational and societal shifts by presenting 250 to 300 concise expertly written entries that cover foundational concepts emerging issues and critical debates at the intersection of gender and education Authored by a global network of scholars this authoritative compendium offers a broad interdisciplinary perspective and serves as a first stop resource for students educators and researchers seeking to navigate this rapidly developing and complex field *Women's Fiction* Deborah Philips,2014-06-19 Now in its second edition and with new chapters covering such texts as Elizabeth Gilbert s *Eat Pray Love* and yummy mummy novels such as Allison Pearson s *I Don t Know How She Does It* this is a wide ranging survey of popular women s fiction from 1945 to the present Examining key trends in popular writing for women in each decade *Women s Fiction* offers case study readings of major British and American writers Through these readings the book explores how popular texts often neglected by feminist literary criticism have charted the shifting demands aspirations and expectations of women in the 20th and 21st centuries

School Desegregation Research Jeffrey Prager,Douglas Longshore,Melvin Seeman,2012-12-06 The desegregation situation is the keynote theme of the following chapters I Each of them touches on a different dimension of the situation the historical the temporal the spatial But the reader perusing the essays with the situation in mind should remember that the desegregation situation should not be inter preted literally Authorities and adults certainly school age children probably are influenced by their awareness of a sequence of past and future situations Some may even operate with William James s 1890 p 608 notion of the specious present that has melted in our grasp fled ere we could touch it gone in the instant of becoming thus reducing the potency of the present situation Others may be dancing to a slower tempo of change thus becoming more responsive to the present situation Whatever the perceived tempo many must share the view that the future may reverse the direction of the past Some may see that new future direction as unswerving unending or long lasting others may see it as short lived And it is through attention to the phenomenological description of desegregation that these issues can be explored a theme that is considered in several of the following chapters Women's Fiction 1945-2005 Deborah Philips,2007-11-01 Organised around each decade of the post war period this book analyses novels written by and for women from 1945 to the present Each chapter identifies a specific genre in popular fiction for women which marked that period and provides case studies focusing on writers and texts which enjoyed a wide readership Despite their popularity these novels

remain largely outside the canon of women's writing and are often unacknowledged by feminist literary criticism. However, these texts clearly touched a nerve with a largely female readership and so offer a means of charting the changes in ideals of femininity and in the tensions and contradictions in gender identities in the post-war period. Their analysis offers new insights into the shifting demands, aspirations and expectations of what a woman could and should be over the last half century. Through her analysis of women's writing and reading, Philips sets out to challenge the distinction between popular and literary fiction, arguing that neat categories such as popular, middle-brow and serious fiction need more careful definition.

Retrieving Democracy Philip Green, 2023-03-31. Originally published in 1985. *Retrieving Democracy* offers a thorough and systematic answer to the familiar objection that genuine democracy is utopian. The book outlines an imaginary yet imaginable society that would be non-racist, non-sexist and sufficiently classless to support true civic equality. Moving beyond previous discussions of re-industrialization and economic democracy, the book proposes the social control of corporations, a democratic division of labour that would maximize equality of citizenship rather than merely the production of commodities, the democratization of trade unions, the equalization of wages and job opportunities and the insulation of electoral politics from the power of money. **Sex Equity** East Central Curriculum Management Center, 1979. **Books in Print**, 1987. *Small Press Record of Books in Print*, 1988.
