Cracking the Genesis Code Stephen Bohr, *The Genesis Code* David E. Marley Jr. M. D.,2016-04-27 Few people know the scientific discoveries of the last 85 years have proved Darwin wrong and have confirmed the validity of the Biblical Creation Account Modern science now has answers for many of the questions about our origins Is the universe eternal or did it have a beginning Was it created How did the universe our solar system and our earth come to be What is the structure of the universe What are its laws Do the laws that govern the universe have anything to do with us Where do we come from What are we Where are we going Mankind has considered these questions since his beginning He started his investigations by looking at the skies Next he began to chart his observations Then he pondered his interpretations Finally man began to postulate causes and effects Modern science is now well equipped to answer the first six questions but it is doubtful if science can ever answer the last three Science can only take us so far Only belief and faith in God can take us to the places that science can never go This book examines all of these questions and gives answers that come from Judeo Christian belief and faith Now retired Dr Marley is a board certified Radiologist with 40 years experience in medicine He practiced Diagnostic Radiology Nuclear Medicine and Radiation Therapy He earned his BS degree from the University of Alabama at Tuscaloosa and his MD degree from the University of Alabama School of Medicine in Birmingham His Radiology Residency was served at Scott and White Memorial Hospital and the Scott Sherwood and Brindley Foundation in Temple Texas A lifelong Christian He is also a Certified Bethel Bible Series Teacher
