The German Classics of the Nineteenth and Twentieth Centuries Masterpieces of German Literature Vol 19 by Kuno Francke
The last two volumes of this comprehensive publication are devoted to the living the writers of the present who sow the seed from which shall grow the future of German letters But who can speak of prophecy or prevision at a moment when all who call themselves German are compelled to fight for their existence and the future of German nationality as well as of German culture is hidden by the smoke of battle We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
