The Ghana Story:

The Ghana Story Clyde Chantler, 1971 **The History of Ghana** Roger S. Gocking, 2005-06-30 Gocking provides a historical overview of Ghana from the emergence of precolonial states through increasing contact with Europeans that led to the establishment of formal colonial rule by Great Britain at the end of the 19th century. Colonial rule transformed what was known as the Gold Coast economically, socially, and politically, but it contained the seeds of its own demise. After World War II, an increasingly more effective nationalist movement challenged British rule, and in 1957 Ghana became independent. Independence brought its own challenges, the most important of which was the inability to maintain political stability. Within the space of 24 years, there were four military coups, and the collapse of three republics. Ghana's Fourth Republic, established in 1993, has dealt with the legacy of instability inherited from the past as it moves towards a more stable future. A timeline, photographs, maps, and an appendix of biographies of notable figures in the history of Ghana are included. Students and adults alike will find this book to be highly effective in describing the often turbulent and tumultuous history of this country. *The Anglican Story in Ghana* John S. Pobee, 2009 The Anglican Church, by virtue of being the Christian communion most closely tied to the colonial history of the West African subcontinent, could be said to be the oldest historic mission ecclesial body within the region. Emeritus Professor Canon John Samuel Pobee's work *The Anglican Story in Ghana* is the only published full-length monograph of Ghanaian Anglicanism since the Church of England missionaries first set foot on the soils of the then Gold Coast in the middle of the 18th century. It is a historical account that features insights into the work and activities of the various dioceses of the Anglican Church, including their contributions to education, social evangelism, and education in particular. Each chapter is illustrated with pictures of key personnel dating back to the colonial era. New Testament Miracle Stories in Ghanaian Mother-Tongues Abraham Boateng, 2024-08-06 This book examines the translations of selected miracle stories from the Hebrew Bible (Septuagint LXX) and the Greek New Testament into selected Ghanaian mother tongues, considering possible shifts of meaning that occur in translating. 1 Kings 18:25-38, Mark 9:14-29, and Luke 7:11-17 are used as case studies. The author draws out semiotic/hermeneutical nuances of these texts as they are understood in the Ghanaian context and addresses questions in the field of Biblical studies concerning the relevance of intercultural hermeneutics for current trends in Ghanaian Christianity. Particularly important is the high premium placed on miracles in present-day Ghanaian spirituality, making a careful analysis of these stories particularly relevant for the Ghanaian audience. The study also explores several factors that influence the translation process and have a bearing on the reception and use of the text. It follows the growing calls for a shift in African Biblical hermeneutics from the theological heritage of Europe and America to the emerging theological trajectories of Africa. This post-colonial shift re-examines the translated text, moving from what the text might have meant to what the text might mean in Africa. **The Ghanaian Revolution** Joseph G. Amamoo, 2000-11 When in March 1957 Ghana became the first African country in colonial Africa to achieve Independence, the event was

enthusiastically welcomed by millions of Africans and liberal non Africans Many African people looked up to Ghana with hope confidence and pride These people hoped that the torch of freedom would be held aloft in their own countries also That Ghana had among the highest per capita income in Africa and the best developed educational and health facilities were but some of the factors establishing Ghana s position of stature in Africa The question then is how it comes about that beginning with such historic political and economic achievements the country deteriorated through a series of military coups that eventually led to the bloody revolution of June 1979 Could the revolution have been avoided What are the lessons that Ghana itself and other African countries can learn The Ghanaian Revolution attempts clearly and dispassionately to answer these questions

The Press and Political Culture in Ghana Jennifer Hasty, 2005-04-28 In *The Press and Political Culture in Ghana* Jennifer Hasty looks at the practices of journalism and newsmaking at privately owned and state operated daily newspapers in Ghana Hasty decodes the styles and uncovers the strategies that characterize Ghana s major printed news media focusing on the differences between news generated by the state and news that comes from private sources Not only are the angles radically different but so are ways of gathering the

news assigning beats using sources and writing articles For all its differences in presentation however Hasty shows that the news in Ghana projects a unified voice that is the result of a contentious and multifarious process that joins Ghanaians in global national and local debates An important engagement with the production of news and news media this book also explores questions about the relationship of popular culture to state politics the expression of civic culture and the role of the media in constituting national and cultural identities *Recovering Storytelling for Ghanaian Preaching* Akwasi O.
