The Ghost Of An Idea A Jeremy Locke Mystery:

Justice Denoted Terry White, 2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence. Primarily a bibliography of novels, it also annotates plays, scripts for film and television novelizations, and short story collections about lawyers and the law. The idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction. Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important. It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists. Its biographical and scholarly information about authors, major and minor, and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller. Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama, showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason. The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers' *Anatomy of a Murder* as well as the romantic potboiler. Among the more than 2,000 works are the Perry Mason novels of Erle Stanley Gardner, John Mortimer's Rumpole series, along with a staple of fiction by major authors of the genre like John Lescroart, Lisa Scottoline, Margaret Maron, Scott Turow, and John Grisham. There are also individual works by Shakespeare, Goethe, Kafka, Camus, and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *be te noire* of the common individual caught up in its maw. The appendices include comments by lawyer novelist Michael A. Kahn, a historical introduction to the legal thriller, craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires, bibliography of critical sources and articles, series characters, and the legal terminology found in courtroom dramas and novels. An essential reference tool for scholars, researchers, as well as the occasional reader of legal thrillers.

The Whole Story John E. Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84,000 works by 12,500 authors in 17,000 sequences. **Detecting Women 2** Willetta L. Heising, 1996 Lists over 3,400 mystery titles written by women in correct series order as well as more than 600 series detectives created by women and more. Titles are indexed by mystery type and series setting. 1981-1985 Supplement to Crime Fiction, 1749-1980 Allen J. Hubin, 1988

Silk Stalkings Victoria Nichols, Susan Thompson, 1988 Emperor Norton's Ghost Dianne Day, 2009-10-14 Caroline Fremont Jones revels in her return to San Francisco where a new city rises from the ruins of the 1906 earthquake. Even more rewarding is her business partnership and rekindled love with ex spymaster Michael Archer Kossoff. But their private investigation agency is barely off the ground when Fremont's new friend, lovely but quirky Frances McFadden, becomes their first client, and it's a most troubling case. The adventurous but skeptical Fremont, lured by Frances, sees her companion fall into a disturbing trance. Despite the opposition of her powerful controlling husband, Frances is determined to

develop her budding psychic ability Soon she confides to Fremont that a restless spirit from San Francisco s legendary past has entrusted her with a mission But when one of the city s female mediums is murdered and then another Fremont s reservations turn to dread Who has killed these women who wield their own power in the metaphysical world and why As Fremont s investigation takes her into the murky depths of spiritualism she places not only herself but also her dearest friends in mortal danger
