The Gods And Goddesses Of Old Europe 7000 To 3500 Bc Myths Legends And Cult Images:

The Gods and Goddesses of Old Europe: 7000 to 3500 BC Myths, Legends and Cult Images Marija Gimbutas,1974 *"The" Gods and Goddesses of Old Europe* Marija Gimbutas,1974 **The Goddesses and Gods of Old Europe, 6500-3500 BC** Marija Gimbutas,1982 European civilization between 6500 and 3500 BC long before Greek or Judaeo Christian civilizations flourished had a distinct culture with its own unique identity The mythical imagery of this era tells us much about early humanity's concept of the cosmos of human relations with nature of the complementary roles of male and female Through study of sculpture vases and other cult objects Gimbutas sketches the village culture that evolved there before it was overwhelmed by the patriarchal Indo Europeans The Goddess incarnating the creative principle as Source and Giver of All fertility images mythical animals and other artifacts are analysed for their mythic and social significance in this beautifully illustrated study *The Goddesses and Gods of Old Europe* Marija Gimbutas,2007-09 Originally published under the title *God and goddesses of Old Europe 7000 3500 B C* *Bogowie: A Study of Eastern Europe's Ancient Gods* T.D. Kokoszka,2023-08-25 T D Kokoszka grew up in Texas with a Jewish mother and a Polish American father While he was aware of roots going back to Eastern Europe from both families he found it hard to learn very much about them He knew that Polish people would whack one another with palm leaves around Easter and he knew that his great grandmother purportedly believed in forest spirits known as borowy However it wasn't until he was in his teens that he became vaguely aware of an ancient people known as the Slavs who gave rise to the Polish Ukrainian Russian Serbian Bulgarian Slovakian Slovene and Czech languages It quickly became clear to him that this was a family of cultures currently under represented in popular culture and even in western scholarship Not simply a regurgitation of scholarship from the Soviet period and presenting new analyses by using previously neglected resources *Bogowie A Study of Eastern Europe's Ancient Gods* offers one of the most painstaking scholarly reconstructions of Slavic paganism These new resources include not only an overview of folklore from many different Slavic countries but also comparisons with Ossetian culture and Mordvin culture as well as a series of Slavic folktales that Kokoszka analyzes in depth often making the case that the narratives involved are mythological and shockingly ancient Readers will recognize many European folktale types and possibly learn to look at these folktales differently after reading this book *Balkan Worlds: The First and Last Europe* Traian Stoianovich,2015-05-20 Encompassing the period from the Neolithic era to the troubled present this book studies the peoples societies and cultures of the area situated between the Adriatic Sea in the west and the Black Sea in the east between the Alpine region and Danube basin in the north and the Aegean Sea in the south This is not a conventional history of the Balkans Drawing upon archaeology anthropology economics psychology and linguistics as well as history the author has attempted a total history that integrates as many as possible of the avenues and categories of the Balkan experience **Wicca's Charm** Catherine Edwards Sanders,2005 Traces the author's one year journey into the Wiccan culture where she interviewed neo pagans and witches in her quest to

understand modern pagan spirituality explaining the growing attraction of this religion that celebrates the wonder of creation and the life giving energy of women Original

Orientalism and the Reception of Powerful Women from the Ancient World Filippo Carlà-Uhink, Anja Wieber, 2020-02-06 Why is Cleopatra a descendent of Alexander the Great a Ptolemy from a Greek Macedonian family in popular imagination an Oriental woman True she assumed some aspects of pharaonic imagery in order to rule Egypt but her Orientalism mostly derives from ancient Roman and modern stereotypes both the Orient and the idea of a woman in power are signs in the Western tradition of otherness and in this sense they can easily overlap and interchange This volume investigates how ancient women and particularly powerful women such as queens and empresses have been re imagined in Western and not only Western arts highlights how this re imagination and re visualization is more often than not the product of Orientalist stereotypes even when dealing with women who had nothing to do with Eastern regions and compares these images with examples of Eastern gaze on the same women Through the chapters in this volume readers will discover the similarities and differences in the ways in which women in power were and still are described and decried by their opponents

Wagadu Volume 3 Wagadu, 2007-09-26 The United Nations has proclaimed the 21st century to be the century of water In this volume Water and Women in Past Present and Future scholars analyze the gendered political economy of water resource allocations and importantly offer recommendations for viable women friendly solutions to address scarcity and distribution among other issues Contributors also explore feminist analyses of the aesthetic dimension of water and the feminine since water is often associated with women shown in cross cultural examples of mythology symbols and legends Intersecting the fields of hydro politics and aesthetics this book should be of interest to policy analysts activists and academics
