Introduction to Nanoscience and Nanotechnology Gabor L. Hornyak, H.F. Tibbals, Joydeep Dutta, John J. Moore, 2008-12-22 The maturation of nanotechnology has revealed it to be a unique and distinct discipline rather than a specialization within a larger field Its textbook cannot afford to be a chemistry physics or engineering text focused on nano It must be an integrated multidisciplinary and specifically nano textbook The archetype of the modern nano textbook

Capitalism, Social Privilege and Managerial Ideologies Ernesto R. Gantman, 2019-06-04 Originally published in 2005 This book analyzes the evolution of administrative thought from the nineteenth century to the present considering it as ideological discourse Rather than merely being a succession of fads Gantman shows how each successive discourse about the organization of work serves to legitimate social interests The book's compelling conclusion is that instead of a tendency towards increasing theoretical refinement what is more evident is a trend towards fictionalization which ends in the contemporary paradigm of flatter more participative and democratic organizational forms Students and scholars interested in organization theory management history the sociology of work or critical management will gain many new insights from this historical reconstruction of the evolution of management thought

Managing Knowledge Work and Innovation Sue Newell, Harry Scarbrough, Jacky Swan, 2009-06-30 Written by a team of highly respected authorities on management and organizational behaviour this core textbook is grounded in an extensive body of international research and analysis that demonstrates that knowledge work depends primarily on the behaviours attitudes and motivations of those who undertake and manage it and not simply on the implementation of information systems technology Throughout the book engaging case studies and role plays demonstrate the range of perspectives that can be applied to knowledge work and the organisational conditions under which it can be managed effectively This book is essential reading for undergraduate and postgraduate students on modules covering Knowledge Management and ideal for modules in Human Resource Management and Organisational Studies New to this Edition Updated case studies based on the latest research and with international reach Enhanced learning and teaching tools to help students understand important concepts A new companion website with lecturer resources
