Paradise Now Chris Jennings, 2017-08-22 For readers of Jill Lepore Joseph J Ellis and Tony Horwitz comes a lively thought provoking intellectual history of the golden age of American utopianism and the bold revolutionary and eccentric visions for the future put forward by five of history's most influential utopian movements In the wake of the Enlightenment and the onset of industrialism a generation of dreamers took it upon themselves to confront the messiness and injustice of a rapidly changing world To our eyes the utopian communities that took root in America in the nineteenth century may seem ambitious to the point of delusion but they attracted members willing to dedicate their lives to creating a new social order and to asking the bold question What should the future look like In *Paradise Now* Chris Jennings tells the story of five interrelated utopian movements revealing their relevance both to their time and to our own Here is Mother Ann Lee the prophet of the Shakers who grew up in newly industrialized Manchester England and would come to build a quiet but fierce religious tradition on the opposite side of the Atlantic Even as the society she founded spread across the United States the Welsh industrialist Robert Owen came to the Indiana frontier to build an egalitarian rationalist utopia he called the New Moral World A decade later followers of the French visionary Charles Fourier blanketed America with colonies devoted to inaugurating a new millennium of pleasure and fraternity Meanwhile the French radical Pierre Cabet sailed to Texas with hopes of establishing a communist paradise dedicated to ideals that would be echoed in the next century And in New York's Oneida Community a brilliant Vermonter named John Humphrey Noyes set about creating a new society in which the human spirit could finally be perfected in the image of God Over time these movements fell apart and the national mood that had inspired them was drowned out by the dream of westward expansion and the waking nightmare of the Civil War Their most galvanizing ideas however lived on and their audacity has influenced countless political movements since Their stories remain an inspiration for everyone who seeks to build a better world for all who ask What should the future look like Praise for *Paradise Now* Uncommonly smart and beautifully written a triumph of scholarship and narration five stand alone community studies and a coherent often spellbinding history of the United States during its tumultuous first half century Although never less than evenhanded and sometimes deliciously wry Jennings writes with obvious affection for his subjects To read *Paradise Now* is to be dazzled humbled and occasionally flabbergasted by the amount of energy and talent sacrificed at utopia's altar The New York Times Book Review Writing an impartial respectful account of these philanthropies and follies is no small task but Mr Jennings largely pulls it off with insight and aplomb Indulgently sympathetic to the utopian impulse in general he tells a good story His explanations of the various reformist credos are patient thought provoking and entertaining The Wall Street Journal As a tour guide Jennings is thoughtful engaging and witty in the right doses He makes the subject his own with fresh eyes and a crisp narrative rich with detail In the end Jennings writes the communards disregard for the world as it exists sealed their fate But in revisiting their stories he makes a compelling case that our present day deficit of

imagination could be similarly fated San Francisco Chronicle **The Blithedale Romance** Nathaniel Hawthorne,2005-10 Large Format for easy reading Classic Romance from the19th century American novelist and short story writer set in colonial New England Tanglewood Tales (Dodo Press) Nathaniel Hawthorne,2007-06 Nathaniel Hawthorne 1804 1864 was a 19th century American novelist and short story writer He is seen as a key figure in the development of American literature for his tales of the nation s colonial history Nathaniel Hawthorne was born on July 4 1804 in Salem Massachusetts where his birthplace is now a museum William Hathorne who emigrated from England in 1630 was the first of Hawthorne s ancestors to arrive in the colonies Hawthorne attended Bowdoin College at the expense of an uncle from 1821 to 1824 befriending classmates Henry Wadsworth Longfellow and future president Franklin Pierce Hawthorne is best known today for his many short stories he called them tales and his four major romances written between 1850 and 1860 The Scarlet Letter 1850 The House of the Seven Gables 1851 The Blithedale Romance 1852 and The Marble Faun 1860 Another novel length romance Fanshawe was published anonymously in 1828 Hawthorne s work belongs to Romanticism an artistic and intellectual movement characterized by an emphasis on individual freedom from social conventions or political restraints on human imagination and on nature in a typically idealized form The Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1893 Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1893
