The Gator Hunters F. J. Smothers, 2004 A robust adventure set in the Florida everglades where two men are alligator poachers They are caught by Florida game wares and a shoot out occurred two lawmen were shot the men and their wives head for California where in New Mexico they are captured by renegade Indians and made slaves After two years of slavery they escape and go back to Florida twenty years later only to be caught and sentenced to hang **Gladesmen** Glen Simmons, Laura Ogden, 2010-09-05 Few people today can claim a living memory of Florida's frontier Everglades Glen Simmons who has hunted alligators camped on hammock covered islands and poled his skiff through the mangrove swamps of the glades since the 1920s is one who can Together with Laura Ogden he tells the story of backcountry life in the southern Everglades from his youth until the establishment of the Everglades National Park in 1947 During the economic bust of the late 20s when many natives turned to the land to survive Simmons began accompanying older local men into Everglades backcountry the inhospitable prairie of soft muck and mosquitoes of outlaws and moonshiners that rings the southern part of the state As Simmons recalls life in this community with humor and nostalgia he also documents the forgotten lifestyles of south Florida gladesmen By necessity they understood the natural features of the Everglades ecosystem They observed the seasonal fluctuations of wildlife fire and water levels Their knowledge of the mostly unmapped labyrinth of grassy water enabled them to serve as guides for visiting naturalists and scientists Simmons reconstructs this world providing not only fascinating stories of individual personalities places and events but an account that is accurate both scientifically and historically of one of the least known and longest surviving portions of the American frontier **Jibby Jones and the Alligator** Ellis Parker Butler, 1924 **The Education of a Deer Hunter** Jeff Bright, 2009 In his first edition Jeff Bright shares his 32 years of hunting experience for this great animal we call the whitetail deer You'll read about trips to the swamps of Florida the pine flats of Georgia and the mountains of West Virginia Come along for the ride as you enjoy the adventures of deer hunting turkey hunting funny road trips first bucks hunt camps small towns and much more This is a must read for the deer hunting enthusiast **Hunter-trader-trapper**, 1922 **When the Whipoorwill** Marjorie Kinnan Rawlings, 2022-08-16 DigiCat Publishing presents to you this special edition of *When the Whipoorwill* by Marjorie Kinnan Rawlings DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature **Code of Federal Regulations**, 2016 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries **2017 CFR Annual Print Title 50 Wildlife and Fisheries Parts 18 to 199** Office of The Federal Register, 2017-07-01 **Recreation**, 1915 **Reality TV** Jon Kraszewski, 2017-02-24 From early first wave programs such as *Candid Camera* *An American Family* and *The Real World* to the shows on our television screens and portable devices today

reality television consistently takes us to cities such as New York Los Angeles and Boston to imagine the place of urbanity in American culture and society Jon Kraszewski offers the first extended account of this phenomenon as he makes the politics of urban space the center of his history and theory of reality television Kraszewski situates reality television in a larger economic transformation that started in the 1980s when America went from an industrial economy when cities were home to all classes to its post industrial economy as cities became key points in a web of global financing expelling all economic classes except the elite and the poor Reality television in the industrial era reworked social relationships based on class race and gender for liberatory purposes which resulted in an egalitarian ethos in the genre However reality television of the post industrial era attempts to convince viewers that cities still serve their interests even though most viewers find city life today economically untenable Each chapter uses a key theoretical concept from spatial theory such as power geometries diasporic nostalgia orientalism the imagination of social expulsions and the relationship between the country and the city to illuminate the way reality television engages this larger transformation of urban space in America
