The Genesis Gap Theory

Michael W. J. Phelan

The Genesis Gap Theory:

The Genesis 'gap Theory' Michael W. J. Phelan, 2005-01 The interpretation of Genesis 1:1-2 has taxed the minds of exegetes for many years. The controversy has centred upon whether or not there is a chronological gap of unspecified duration within the compass of what at first glance seems to be continuous narrative. This proposed gap is the basis of what might be termed theories of accommodation. By some the proposed gap is used to accommodate the alleged vast ages of cosmic geological and biological evolution and has certain similarities with the theory that views the days of Genesis 1 not as literal days representing but one complete rotation of the earth upon its axis but as entire epochs during which the earth was subject to profound but extremely slow evolutionary change. This is a view frequently advocated by so-called Theistic Evolutionists who seek to harmonise Scripture with human wisdom in the form of evolutionary dogma. The facts are that 1) the six days of Genesis 1 are each defined as comprising but one evening and morning (verses 5, 8, 13, 19, 23 and 31); 2) Exodus 20:11 and 31:17 state that the basis of the seven-day week which regulates our calendar still is the hexameron or six days of creation followed by the Sabbath rest; 3) death did not exist before Adam and came through Adam (Romans 5:12) ruling out the possibility of millions of years of plant and animal deaths before man; and 4) the concept of the history of the events of Genesis 1 being greater in duration than all the rest of Scripture history taken together and of it outlasting it by a truly prodigious amount which the adoption of an evolutionary time scale would demand is absolutely contrary to the conceptual basis of the Word of God. The desire to accommodate entire epochs such as are suggested by evolutionists within a chronological gap to be located within Genesis 1:1-2 then should not be a serious consideration for sincere students of the Word. But the proposed gap is used also to accommodate the Luciferic Rebellion and Fall. It is taught by believers in this view that the original creation was marred if not ruined altogether by this rebellion or by a Divine Judgement which fell upon the earth as a consequence of it and that the hexameron details the actions of God in restoring the by then ruined earth. Finally there are those who see such a gap accommodating both evolutionary epochs and the Luciferic Rebellion. What the sincere student of God's Word needs to know is whether or not there is any real basis in the Scriptures themselves for the existence of such a gap or whether the proposal is based only upon human speculation. *THE GAP IS NOT A THEORY!* Jack W.

Langford, 2011-12-21 What has been called the Gap Theory was a popular and consistent explanation of the first chapter of Genesis among fundamental evangelical Christians up through the mid 1900s. With the rise of Young Earth Creationism the gap theory was simply pushed to the background and ridiculed as a past effort to satisfy the claims of modern evolutionary science. In effect the new teachers buried this doctrine with the debris of Noah's flood deposits. However we shall see in this study that the YEC effectively left the literal Biblical record of Genesis 1 and leaped into the realm of pseudo science to claim that Noah's flood deposited all the various sedimentary strata of the whole earth. In addition they pontifically assert that the whole heavens and earth are only about 6000 years old. This study is going to prove that the YEC are the very ones who do

not take the Scriptures literally This study will prove conclusively that Moses did not make the blunder of either stating or inferring the earth is only 6000 years old There is an abundance of biblical evidences that the Gap is not a theory but a fact In this study you will find that certain of the prophets and an apostle were inspired of God to look back in time even to the backside of earth s history We shall be surprised to find that the past is as captivating as the future In fact as we better understand the past we shall better comprehend the future The cover picture is from two pages of the Jewish Sarajevo Haggadah as seen in the Saravejou museum in Spain This work was done in 1400 CE The pictures on each page are to be read in the Hebrew manner from right to left The pictures graphically depict the six day activity of God in preparing the earth of man s habitation Two things are to be noted first these six days are preceded by a scene of the earth in a chaotic condition as described in the second verse of Genesis 1 first frame upper right hand corner second on the first day light was made and nothing else third verse of Genesis 1 second frame Obviously this six hundred year old work was not influenced by modern scientific theories rather it represents a long standing interpretation in Judaism **The Gap Theory** Bert Thompson, *Accuracy in Genesis: New Perspectives Affirming the Scriptural Creation Record, Genesis 1-11* ,

Unformed and Unfilled Weston Fields,2005-01 Everyone s heard of it Many believe it Is there a gap in time between the first two verses in Genesis Does this alleged gap really represent a vast amount of time Weston Fields classic treatment of this subject is now being published by Master Books and promoted by such important organisations as Answers in Genesis In this book Fields makes a detailed study of the gap theory paying particular attention to the Hebrew of Genesis His conclusion that this theory is not a reasonable compromise with modern evolutionary theory but a dangerous diversion from biblical truth helps readers who struggle with the question of the time taken during the creation week Was it really six days Can Christians find a workable solution to the debate about creation and time An important book Features A presentation of a variety of views espoused by Christians of all denominations A professional scholarly look that can be easily understood by laymen A fascinating study of the original Hebrew text **Creation and the Consequence of Satan's Fall** Pieter Dykstra,2012-06 The Gap Theory shows evidence of the dinosaurs becoming extinct as the result of Satan s fall and explores the origin of demons as being disembodied spirits of a pre Adamic race who were judged by God as the result of Satan s sin Why was man commissioned by God in Genesis 1 28 to replenish the earth Why did God use that word Could this be a reference to a pre Adamic race that was created in Genesis 1 1 and destroyed in Genesis 1 2 due to Satan s fall and which the human was to replace or replenish Read where angels that sinned left their heavenly habitation and came down to earth to procreate with humans and whose children were called Mighty men which were of old men of renown offspring that are the source of all the ancient secular myths that claim the gods came down to earth and married human women [The Gap Theory of Genesis 1:1-2](#) Walter Mark Maxey,1970 **Willmington's Guide to the Bible** H. goal has been to publish a concise all inclusive summary of basic Bible information in one volume to make available in abbreviated form a complete Bible education in a single book **In The Beginnings** Steven E Dill,2020-06 In the Beginnings is a defense of the Biblical Gap Theory of Creation This theory once popular in the late 19th and early 20th centuries has been rejected by many modern day creationists as being without Biblical or scientific support This book takes an in depth look at both science and the Bible Its purpose is to show how the Gap Theory best fits the scientific and Biblical facts More importantly its main purpose is to reach out to unbelievers who think the Bible teaches things contrary to science Scientific truth and Biblical truth do not contradict The basic assumption of the author is that God is smart enough and powerful enough and Sovereign enough to make His works and His Words agree Because God reveals His invisible attributes in His handiwork the author uses both God s Word and God s Works to share the Gospel of Jesus Christ **Unformed and Unfilled** Weston W.
