## **The Geneva Transfer:**

The Transfer of Conflict-Related Detainees Maral Kashgar, 2022-09-14 Im Rahmen ihrer Beteiligung an multinationalen Militäroperationen ist es für truppenstellende Staaten erforderlich Gegner in Gewahrsam zu nehmen. Doch was wenn der Staat die Gewahrsamsperson nicht im eignen Gewahrsam behalten will? Unter welchen Voraussetzungen ist es möglich die Gewahrsamsperson an einen anderen Staat zu überstellen? Im Gegensatz zu den Vorgaben des menschenrechtlichen Verbotens haben die humanitären völkerrechtlichen Überstellungsregeln der Genfer Konventionen von 1949 bisher trotz ihrer vorrangigen Anwendbarkeit in bewaffneten Konflikten wenig Beachtung gefunden. Mit der Kommentierung dieser Regeln schließt dieses Werk eine Lücke in der wissenschaftlichen Literatur zur Thematik. **Aftershock** David Matas, 2005-09-03 Verbal attacks against Israel for human rights violations have turned into physical attacks against the Jewish community worldwide. How has that happened? This book attempts to explain the phenomenon. Anti-Zionists whose primary goal is destruction of the State of Israel use accusations of the worst forms of human rights violations against Israel to delegitimize the state. These accusations criminalize the Jewish population worldwide for actual or presumed support of the State of Israel. The contemporary international human rights system and the existence of the State of Israel are twin legacies of the Holocaust. The failure of the human rights system to prevent attacks on Israel and the Jews is an aftershock of the Holocaust. *From Lowlands to High Skies: A Multilevel Jurisdictional Approach Towards Air Law* Pablo Mendes de Leon, 2013-10-10 This volume brings together a fascinating collection of essays on air law approached from national, European and international perspectives. These perspectives often interact, always interestingly but not necessarily harmoniously, a theme which forms a Leitmotiv in the writings, reports and pleadings of John Balfour to whom the volume is dedicated. Written by a diverse group of experts in the field of air law, the collection is divided into three parts: Public Air Law, EU Air Law and Private Air Law. *The Extraordinary Chambers in the Courts of Cambodia* Simon M. Meisenberg, Ignaz Stegmüller, 2016-03-30 This book is the first comprehensive study on the work and functioning of the Extraordinary Chambers in the Courts of Cambodia (ECCC). The ECCC were established in 2006 to bring to trial senior leaders and those most responsible for serious crimes committed under the notorious Khmer Rouge regime. Established by domestic law following an agreement in 2003 between the Kingdom of Cambodia and the UN, the ECCC's hybrid features provide a unique approach of accountability for mass atrocities. The book entails an analysis of the work and jurisprudence of the ECCC, providing a detailed assessment of their legacies and contribution to international criminal law. The collection containing 20 chapters from leading scholars and practitioners with inside knowledge of the ECCC discuss the most pressing topics and its implications for international criminal law. These include the establishment of the ECCC, subject matter crimes, joint criminal enterprise and procedural aspects including questions regarding the trying of frail accused persons and the admission of torture statements into evidence. Simon M. Meisenberg is an Attorney at Law in Germany; formerly he was a Legal Advisor to

the ECCC and a Senior Legal Officer at the Special Court for Sierra Leone Ignaz Stegmiller is Coordinator for the International Programs of the Faculty of Law at the Franz von Liszt Institute for International and Comparative Law Giessen Germany     Weapons Transfers and Violations of the Laws of War in Turkey James Ron,1995 The Turkish Air Force
