Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. The world's greatest discovery. The genie-of-your-mind Robert Collier, 1926

The Genie Within Harry W. Carpenter, 2004-06-01 You have a genie that will grant your wishes. But your genie will not grant wishes simply by rubbing a lamp or uncorking a magical bottle. The genie is your subconscious mind and you must know how it works and how to use it before it will be your powerful servant. This book is your instruction manual. The Genie Within is not full of good stories and happy platitudes. This book explains in layman terms how to use your magnificent, powerful subconscious mind. It explains how your subconscious mind works, the laws it obeys, and ten proven methods for using it easily and effortlessly. One lesson even gives you four ways to communicate with your subconscious mind, and an explanation of why talking to it and making it your best friend are important. Once you have this information, you can use your genie to achieve goals, be more creative, change undesirable traits, and improve your health.
