other hand her feeling of insecurity has led to a creeping militarisation of society The GDR provides communist states in the Third World with military training and expertise she also trains security and police cadres Hence the impact is being felt outside Europe Does the GDR now present the face of the ugly German to the non communist world Her development is worthy of attention As the Soviet Union s closest ally in Eastern Europe she may play a more important role there in the future as economic growth slows and tensions rise She has however problems of her own which will require much hard work to resolve Nevertheless she is the most stable socialist state in Eastern Europe at present Will this continue Will mass discontent mount as living standards stagnate Just how important will the West German response be The GDR is torn between East and West If she is to weather the economic storms she requires closer links with West Germany and the West but politically and militarily she needs a closer relationship with the Soviet Union competent and wide ranging covering not only political history but also the economy education culture the position of women and foreign policy Leslie Holmes Soviet Studies the main strength of this work is that it provides a mass of facts and figures in the main text and is yet eminently readable Roger Woods Slavonic Review

German Democratic Republ Lyman H. Legters,2019-03-12 The shifting patterns of relationships in Central and Eastern Europe require that students of international relations be well versed in the attitudes and internal structures of the nations involved Until now material in English on the German Democratic Republic has consisted primarily of journalistic reminiscences or narrow scholarly treatments Recognizing the need and responding to it the authors of this book leaders in the study of the GDR present an up to date and comprehensive look at the country focusing on domestic political and social change The authors are agreed that the GDR is not only here to stay but is also a rather stable society that can withstand moderate well regulated processes of change They address education intellectual life the military foreign relations and the economy as well
