**The Time Engine** Sean McMullen, 2025-09-23 Swords sorcery and time travel are a strange and dangerous mix. Wayfarer Inspector Danolarian saw his world's future and did not approve. The inspector knew about time travel because he had once met his future self. What he did not know was that he would be abducted into the future and wind up on the run with a constable who had shape shifted into a cat. Danolarian would also find himself marooned in the ancient past where he would have to recover his time engine from five thousand naked psychopathic horsemen. A faulty repair plunges him another three million years back in time to a world of strange beautiful people living idyllic lives in splendid castles. But things are not always as they seem. After being attacked he learns from his unlikely rescuer that time travel is not entirely real. A furious Danolarian returns to his own time planning revenge against the time engine's true builders. Born with a physical disability no magical talent and a precocious intellect Princess Isabelle des Zephyrs has lived her life being underestimated by her family and her kingdom. The only person who appreciates her true self is Jean Claude the fatherly musketeer who had guarded her since birth. All shall change however when an unlikely marriage proposal is offered to the second son of a dying king in an empire collapsing into civil war. But the last two women betrothed to this prince were murdered and a sorcerer assassin is bent on making Isabelle the third. Isabelle and Jean Claude plunge into a great maze of prophecy intrigue and betrayal where everyone wears masks of glamour and lies. Step by dangerous step Isabelle must unravel the lies of her enemies and discovers a truth more perilous than any deception. A setting fabulous and strange heroes to cheer for villains to detest a twisty tricky plot. I love this novel.
