Sino-American Economic Relations, 1944-1949 C. X. George Wei, 1997 The economic relationship between the U S and China during the 1940s has long been neglected with few scholarly works focusing on the period This era was overshadowed by the political and diplomatic changes during and after the failure of the Nationalists in 1949 Without a close and insightful look into the reconstruction of China with American involvement during the late 1940s one cannot identify the problems which led to the Nationalists failure nor can one answer the questions dealing with the impact of American economic policy toward China during that time **Historical Dictionary of United States-China Relations** Robert G. Sutter, 2005-11-15

The relationship between the United States of America and the People s Republic of China is traced in this dictionary containing hundreds of cross referenced entries on the presidents and prime ministers the secretaries of state and foreign ministers other key players and the more significant institutions and events Everything from the Boxer Uprising in the late 19th Century to Nixon s historic visit to China in 1972 from the crisis over U S arms sales to Taiwan in 1982 to the U S bombing of the Chinese Embassy at Belgrade in 1999 is covered in this highly accessible scholarly work The book s introduction and chronology delineate the many differences in political military and ideological issues between the two countries Two appendixes list all the United States Presidents and Secretaries of State as well as all the Republic of China Presidents and Prime Ministers and the People s Republic of China Presidents and Prime Ministers respectively

Jingji Xue Paul B. Trescott, 2007 Based on solid research Jingji Xue presents how Economics as a thought as well as an intellectual discipline had been introduced to China It identifies the Chinese who studied Economics in the West and evaluates their roles in teaching research and publication in China Particularly it describes and examines the activities of Kang Youwei Liang Qichao Sun Yat sen and Yan Fu et al in transmitting and interpreting Western Economics The evolution of Economics programme in leading universities in China is also discussed

Re-examining the Cold War Robert S. Ross, Changbin Jiang, 2001 The twelve essays in this volume underscore the similarities between Chinese and American approaches to bilateral diplomacy and between their perceptions of each other's policy making motivations Much of the literature on U S China relations posits that each side was motivated either by ideologically informed interests or by ideological assumptions about its counterpart But as these contributors emphasize newly accessible archives suggest rather that both Beijing and Washington developed a responsive and tactically adaptable foreign policy Each then adjusted this policy in response to changing international circumstances and changing assessments of its counterpart's policies Motivated less by ideology than by pragmatic national security concerns each assumed that the other faced similar considerations

The Causes of the 1929 Stock Market Crash Harold Bierman Jr., 1998-04-16 Attempting to reveal the real causes of the 1929 stock market crash Bierman refutes the popular belief that wild speculation had excessively driven up stock market prices and resulted in the crash Although he acknowledges some prices of stocks such as utilities and banks were overpriced reasonable explanations exist for the level and increase of all other securities stock prices Indeed if stocks were overpriced in 1929 then they more

even more overpriced in the current era of staggering growth in stock prices and investment in securities The causes of the 1929 crash Bierman argues lie in an unfavorable decision by the Massachusetts Department of Public Utilities coupled with the popular practice known as debt leverage in the 1920s corporate and investment arena This book extends Bierman's argument in an earlier book *The Great Myths of 1929 and the Lessons to Be Learned* Greenwood 1991 in which he discussed and refuted seven myths about 1929 but could not explain the crash He now believes he has a reasonable explanation He also examines the actions of Charles E Mitchell and Sam Insull and their subsequent unjust criminal prosecution after the crash of the 1929 stock market

Decisive Encounters Odd Arne Westad, 2003 Though the book highlights the military aspects of the war it also shows how these took place alongside profound changes in Chinese politics society and culture changes that ultimately contributed as much to the character of today's China as did the major battles By analyzing the war as an international and not simply a domestic conflict the author explains why so much of the present legitimacy of the Beijing government derives from its successes during the late 1940s and reveals how the antagonism between China and the United States so important to current international affairs was born

The Rinderpest Campaigns Amanda Kay McVety, 2018-08-23 Amanda Kay McVety has written the first history of the international effort to eradicate rinderpest a devastating cattle disease which began in the 1940s and ended in 2011 Rinderpest is the only other disease besides smallpox to have been eradicated but very few people in the United States know about it because it did not infect humans and never broke out in North America In other parts of the world however rinderpest was a serious economic and social burden and the struggle against it was a critical part of the effort to fight poverty and hunger globally McVety follows the deployment of rinderpest vaccines around the globe exploring the role of the environment in the understanding of development internationalism and national security She expands the standard Cold War narratives to show how these concepts were framed not only by economic and political concerns but also by biological ones
