Doughty, 2013-05-11 Children's literature is an excellent way to educate children on everything from social behavior and beliefs to attitudes toward education itself A major aspect of children's literature is the importance of books and reading Books represent adult authority This book examines the role that books reading and writing play in children's fantasy fiction

from books that act as artifacts of power The Abhorsen Trilogy The Spiderwick Chronicles Harry Potter to interactive books The Neverending Story Malice Inkheart to books with character writers Percy Jackson Captain Underpants The author finds that although books and reading often play a prominent role in fantasy for children the majority of young protagonists gain self sufficiency not by reading but specifically by moving beyond books and reading

**Preserving the Spell** Armando Maggi,2024-05-31 Fairy tales are supposed to be magical surprising and exhilarating an enchanting counterpoint to everyday life that nonetheless helps us understand and deal with the anxieties of that life Today however fairy tales are far from marvelous in the hands of Hollywood they have been stripped of their power offering little but formulaic narratives and tame surprises If we want to rediscover the power of fairy tales as Armando Maggi thinks we should we need to discover a new mythic lens a new way of approaching and understanding and thus re creating the transformative potential of these stories In Preserving the Spell Maggi argues that the first step is to understand the history of the various traditions of oral and written narrative that together created the fairy tales we know today He begins his exploration with the ur text of European fairy tales Giambattista Basile s The Tale of Tales then traces its path through later Italian French English and German traditions with particular emphasis on the Grimm Brothers adaptations of the tales which are included in the first ever English translation in an appendix Carrying his story into the twentieth century Maggi mounts a powerful argument for freeing fairy tales from their bland contemporary forms and reinvigorating our belief that we still can find new powerfully transformative ways of telling these stories

Why Fairy Tales Stick Jack Zipes, 2013-09-13 In his latest book fairy tales expert Jack Zipes explores the question of why some fairy tales work and others don't why the fairy tale is uniquely capable of getting under the skin of culture and staying there Why in other words fairy tales stick Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre Why Fairy Tales Stick contains two chapters on the history and theory of the genre followed by case studies of famous tales including Cinderella Snow White and Bluebeard followed by a summary chapter on the problematic nature of traditional storytelling in the twenty first century
