Sixties In Canada:

The Sixties in Canada M. Athena Palaeologu, 2009 An extraordinary work that brings to life the events and trends of the 60s in Canada

Canada's 1960s Bryan D. Palmer, 2009-01-01 Focusing on the major movements and personalities of the time as well as the lasting influence of the period Canada's 1960s examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity

The Sixties Dimitry Anastakis, 2008-02-01 Those who didn't live through the Sixties wonder what the fuss was all about while many of those who were there have wrestled with how to describe and define the period While the ultimate meaning of the Sixties remains elusive there is no doubt that they had an immense effect on Canadians culturally politically and economically The Sixties takes a multidisciplinary approach that includes history architecture art political science and journalism Contributors examine a range of eclectic issues from the intersection of Joyce Wieland's artwork with Pierre Trudeau's nationalism to the debate over the changing skylines of Toronto and Montreal to de Gaulle's famous 1967 Vive le Québec libre speech to provide a distinctly Canadian perspective on one of the liveliest and most debated periods in modern history Four decades after Canada's own Expo 67 summer of love this timely book conjures up the images sounds and tastes of a decade that remains an indelible part of our twenty first century experience Contributors include Gretta Chambers McGill Christopher Dummitt Trent Olivier Courteaux Ryerson Frances Early Mount Saint Vincent Kristy Holmes Queen's Marcel Martel York Nicholas Olsberg Canadian Centre for Architecture Francine Vanlaethem UQAM and Krys Verrall York

Canada Since 1945 Robert Bothwell, Ian M. Drummond, John English, 1989-01-01 Reviews Canada's post war history and recounts how Canadians strove for prosperity international respectability and a more vigorous national culture

The Canadian Protestant Experience, 1760 to 1990 George A. Rawlyk, 1994 Five leading Canadian religious historians address the Canadian Protestant experience Each author considers a separate period taking into account the major underlying themes of the time and noting the influence exerted by key personalities As this collection shows Protestantism had its most profound effects on Canadian life in the nineteenth century As the twentieth century unfolded however Canadian Protestantism battered by demographic change profound inner doubt so called modernity and secularization was gradually pushed to the periphery of Canadian experience The contributors are Phyllis D Airhart Nancy Christie Michael Gauvreau John G Stackhouse Jr and Robert A Wright

The Sixties and Beyond Nancy Christie, Michael Gauvreau, 2013-01-01 In the decades following the Second World War North America and Western Europe experienced widespread secularization and dechristianization many scholars have pinpointed the 1960s as a pivotally important period in this decline The Sixties and Beyond examines the scope and significance of dechristianization in the western world between 1945 and 2000 A thematically wide ranging and interdisciplinary collection The Sixties and Beyond uses a framework that compares the social and cultural experiences of North America and Western Europe during this period The internationally based contributors examine the dynamic place of Christianity in both private lives and public discourses

Canada's Other Red Scare Scott Rutherford, 2020-12-17 Indigenous activism put small town northern Ontario on the map in the 1960s and early 1970s Kenora Ontario was home to a four hundred person march popularly called Canada's First Civil Rights March and a two month long armed occupation of a small lakefront park *Canada's Other Red Scare* shows how important it is to link the local and the global to broaden narratives of resistance in the 1960s it is a history not of isolated events closed off from the present but of decolonization as a continuing process Scott Rutherford explores with rigour and sensitivity the Indigenous political protest and social struggle that took place in Northwestern Ontario and Treaty 3 territory from 1965 to 1974 Drawing on archival documents media coverage published interviews memoirs and social movement literature as well as his own lived experience

as a settler growing up in Kenora he reconstructs a period of turbulent protest and the responses it provoked from support to disbelief to outright hostility Indigenous organizers advocated for a wide range of issues from better employment opportunities to the recognition of nationhood by using such tactics as marches cultural production community organizing journalism and armed occupation They drew inspiration from global currents from black American freedom movements to Third World decolonization to challenge the inequalities and racial logics that shaped settler colonialism and daily life in Kenora Accessible and wide reaching Canada's Other Red Scare makes the case that Indigenous political protest during this period should be thought of as both local and transnational an urgent exercise in confronting the experience of settler colonialism in places and moments of protest when its logic and acts of dispossession are held up like a mirror

Canada enjoys a reputation as a peaceable kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada's relationship with the United States they had to overcome state surveillance and resistance from police politicians and bureaucrats Building Sanctuary not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s
