Sky Blue Stone Arash Khazeni, 2014-05-10 This book traces the journeys of a stone across the world From its remote point of origin in the city of Nishapur in eastern Iran turquoise was traded through India Central Asia and the Near East becoming an object of imperial exchange between the Safavid Mughal and Ottoman empires Along this trail unfolds the story of turquoise a phosphate of aluminum and copper formed in rocks below the surface of the earth and its discovery and export as a global commodity In the material culture and imperial regalia of early modern Islamic tributary empires moving from the steppe to the sown turquoise was a sacred stone and a potent symbol of power projected in vivid color displays From the empires of Islamic Eurasia the turquoise trade reached Europe where the stone was collected as an exotic object from the East The Eurasian trade lasted into the nineteenth century when the oldest mines in Iran collapsed and lost Aztec mines in the Americas reopened unearthing more accessible sources of the stone to rival the Persian blue *Sky Blue Stone* recounts the origins trade and circulation of a natural object in the context of the history of Islamic Eurasia and global encounters between empire and nature

The Illuminating Engineer, 1914 *Illuminating Engineer*, 1914 **Enchantment Of Urania, The: 25 Centuries Of Exploration Of The Sky** Massimo Capaccioli, 2024-03-19 Today we know much about the sky how stars are born how they live and die and how the universe as a whole evolves We have learned of the existence of another type of matter indifferent to light and yet decisive for the formation of galaxies and we have a hint of a dark energy that since the last 4 5 billion years has taken over the control of the cosmos We postulated and then discovered and even photographed black holes and listened to the faint rustle of the space time ripple produced when these monsters devour each other We reached these astonishing results recognized by a bunch of Nobel Prizes and filling every day the media with wonders for the eyes and the mind by the marriage of physics and astronomy that unified the Earth with the sky and then by the leap forward of science and technology in the Twentieth Century This rich heritage has ancient roots It was built by accumulating discoveries with errors observations with fantasies myths and superstitions with flashes of genius over a span of millennia since Homo sapiens turning his eyes to the immutable and perfect sky began to ask questions The book is a narration of the answers to these questions that had evolved over time a progressive path inserted in the general history with some second thoughts and many

obstacles This is a saga of men and machines where greatness sometimes mixes with misery and passion often borders on sacrifice and even martyrdom Why should we know it Because our current knowledge is the result of these efforts and of the preconceptions that accompanied them The challenge has been to present this complex and intricate subject without resorting to any formulas so that it can be accessible to a wide audience of curious people including high school and university students and in general all those who normally keep themselves informed of scientific things A rich bibliography has also been added in the appendix for those wishing to learn more on one or more topics **Sky Coyote Kage**

Baker,2007-11-27 Facilitator Joseph has outlasted entire civilizations during his twenty thousand years of service to Dr Zeus the twenty fourth century Company that created immortal operatives like him to preserve history and culture The year is 1699 and Joseph is now in Alta California to imitate an ancient Native American Coyote god and save the native Chumash from the white Europeans He has the help of the Botanist Mendoza who hasn t gotten over the death of her lover Nicholas in Elizabethan England Lately though Joseph has started to have a few doubts about The Company There are whispers about the year 2355 about operatives that suddenly go missing Time is running out for Joseph which is ironic considering he s immortal but no one ever said that it was easy being a god At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
