Slavery And Freedom An Interpretation Of The Old South

William Barney

Slavery And Freedom An Interpretation Of The Old South:

Slavery And Freedom James Oakes, 2013-04-17 This pathbreaking interpretation of the slaveholding South begins with the insight that slavery and freedom were not mutually exclusive but were intertwined in every dimension of life in the South James Oakes traces the implications of this insight for relations between masters and slaves slaveholders and non

slaveholders and for the rise of a racist ideology **Southern Slavery and the Law, 1619-1860** Thomas D.

Morris, 2004-01-21 This volume is the first comprehensive history of the evolving relationship between American slavery and the law from colonial times to the Civil War As Thomas Morris clearly shows racial slavery came to the English colonies as an institution without strict legal definitions or guidelines Specifically he demonstrates that there was no coherent body of law that dealt solely with slaves Instead more general legal rules concerning inheritance mortgages and transfers of property coexisted with laws pertaining only to slaves According to Morris southern lawmakers and judges struggled to reconcile a social order based on slavery with existing English common law or in Louisiana with continental civil law Because much was left to local interpretation laws varied between and even within states In addition legal doctrine often differed from local practice And as Morris reveals in the decades leading up to the Civil War tensions mounted between the legal culture of racial slavery and the competing demands of capitalism and evangelical Christianity The Early American Republic,

1789-1829 Paul E. Johnson, 2007 This brief text covers the political social and cultural history of the United States from 1789 1829 While many books approach the period of the Early Republic from two distinct standpoints either from a social and cultural perspective or from a political point of view this book synthesizes all aspects of U S history during this era The Early American Republic 1789 1829 centers on two main themes the politics and the process of nation making from the origins of government under the Constitution through the inauguration of Andrew Jackson and the beginnings of American market society Discussing the politics of American nationhood democracy and capitalism it also examines such topics as family life religion the construction and reconstruction of gender systems the rise of popular print and other forms of communication and evolving attitudes toward slavery and race *Freedom in a Slave Society* Johanna Nicol Shields, 2012-08-13 Before the

Civil War most Southern white people were as strongly committed to freedom for their kind as to slavery for African Americans This study views that tragic reality through the lens of eight authors representatives of a South that seemed to them destined for greatness but was we know on the brink of destruction Exceptionally able and ambitious these men and women won repute among the educated middle classes in the Southwest South and the nation even amid sectional tensions Although they sometimes described liberty in the abstract more often these authors discussed its practical significance what it meant for people to make life's important choices freely and to be responsible for the results They publicly insisted that freedom caused progress but hidden doubts clouded this optimistic vision Ultimately their association with the oppression of slavery dimmed their hopes for human improvement and fear distorted their responses to the sectional crisis The Limits

of the Lost Cause Gaines M. Foster, 2024-04-03 The Limits of the Lost Cause challenges prevailing ways of thinking about the impact of the Civil War on the American South Above all Gaines Foster's work encourages Americans to confront the new divisions within their society even as they wrestle with old national not just southern failings Race in the American South David Brown, 2007-07-12 The issue of race has indelibly shaped the history of the United States Nowhere has the drama of race relations been more powerfully staged than in the American South This book charts the turbulent course of southern race relations from the colonial origins of the plantation system to the maturation of slavery in the nineteenth century through the rise of a new racial order during the Civil War and Reconstruction to the civil rights revolution of the twentieth century While the history of race in the southern states has been shaped by a basic struggle between black and white the authors show how other forces such as class and gender have complicated the colour line They distinguish clearly between ideas about race mostly written and disseminated by intellectuals and politicians and their reception by ordinary southerners both black and white As a result readers are presented with a broad over arching view of race in the American South throughout its chequered history Key Features racial issues are the key area of interest for those who study the American South race is the driving engine of Southern history unique in its focus on race broad coverage origins of the plantation system to the situation in the South today A Companion to 19th-Century America William Barney, 2008-04-15 A Companion to 19th Century America is an authoritative overview of current historiographical developments and major themes in the history of nineteenth century America Twenty seven scholars all specialists in their own thematic areas examine the key debates and historiography A thematic and chronological organization brings together the major time periods politics the Civil War economy and social and cultural history of the nineteenth century Written with the general reader in mind each essay surveys the historical research the emerging concerns and assesses the future direction of scholarship Complete coverage of all the major themes and current debates in nineteenth century US history assessing the state of the scholarship and future concerns 24 original essays by leading experts in nineteenth century American history complete with up to date bibliographies Chronological and thematic organization covers both traditional and contemporary fields of research politics periods economy class formation ethnicity gender roles regions culture and ideas Slavery's Borderland Matthew Salafia, 2013-05-31 By centering the practical and figurative significance of the Ohio River as a political border a cultural boundary and an artery of movement and economy that gave form to the region Matthew Salafia sheds light on peculiarities of labor and economy along the Ohio River **Bleeding Kansas** Nicole Etcheson, 2004 This comprehensive political military social and intellectual history of America's tumultuous mid nineteenth century offers a new interpretation of how the struggle of Kansas politicians and settlers over the meaning of liberty for whites eventually led to a broadening definition of liberty that included the rights of blacks The Meaning Of Freedom Frank McGlynn, Seymour Drescher, 1992-05-15 In this interdisciplinary study scholars consider the aftermath of slavery focusing on Caribbean

societies and the southern United States What was the nature and impact of slave emancipation Did the change in legal status conceal underlying continuities in American plantation societies Was there a common postemancipation pattern of economic development How did emancipation affect the politics and culture of race and class This comparative study addresses precisely these types of questions as it makes a significant contribution to a new a growing field

If you ally need such a referred **Slavery And Freedom An Interpretation Of The Old South** ebook that will have the funds for you worth, acquire the categorically best seller from us currently from several preferred authors. If you desire to droll books, lots of novels, tale, jokes, and more fictions collections are along with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all book collections Slavery And Freedom An Interpretation Of The Old South that we will certainly offer. It is not not far off from the costs. Its practically what you habit currently. This Slavery And Freedom An Interpretation Of The Old South, as one of the most working sellers here will very be among the best options to review.
