Slavery in Colonial Georgia, 1730-1775 Betty Wood, 2007-12-01 Georgia was the only British colony in America in which a sustained effort was made to prohibit the introduction and use of black slaves at a time when the institution of slavery was well established in the other southern colonies In the first half of *Slavery in Colonial Georgia* Betty Wood examines the reasons which prompted James Oglethorpe and the other British founders of the colony to originally ban slavery In their concern for the manners and morals of white society she says they anticipated many of the arguments to be employed subsequently by the opponents of slavery on both sides of the Atlantic The second half of the book examines the development of slavery in Georgia during the quarter century before the Revolution with special attention on the experience of black slaves in late colonial Georgia

William Bartram and the American Revolution on the Southern Frontier Edward J. Cashin, 2007-02-04 In *Travels* the celebrated 1791 account of the Old Southwest William Bartram recorded the natural world he saw around him but rather incredibly omitted any reference to the epochal events of the American Revolution Edward J Cashin places Bartram in the context of his times and explains his conspicuous avoidance of people places and events embroiled in revolutionary fervor Cashin suggests that while Bartram documented the natural world for plant collector John Fothergill he wrote *Travels* for an entirely different audience Convinced that Providence directed events for the betterment of mankind and that the Constitutional Convention would produce a political model for the rest of the world Bartram offered *Travels* as a means of shaping the new country Cashin illuminates the convictions that motivated Bartram that if Americans lived in communion with nature heeded the moral law and treated the people of the interior with respect then America would be blessed with greatness
