Cyber Foraging Jason Flinn, 2022-06-01 This lecture provides an introduction to cyber foraging a topic that lies at the intersection of mobile and cloud computing Cyber foraging dynamically augments the computing resources of mobile computers by opportunistically exploiting fixed computing infrastructure in the surrounding environment In a cyber foraging system applications functionality is dynamically partitioned between the mobile computer and infrastructure servers that store data and execute computation on behalf of mobile users The location of application functionality changes in response to user mobility platform characteristics and variation in resources such as network bandwidth and CPU load Cyber foraging also introduces a new surrogate computing tier that lies between mobile users and cloud data centers Surrogates are wired infrastructure servers that offer much greater computing resources than those offered by small battery powered mobile devices Surrogates are geographically distributed to be as close as possible to mobile computers so that they can provide substantially better response time to network requests than that provided by servers in cloud data centers For instance surrogates may be co located with wireless hotspots in coffee shops airport lounges and other public locations This lecture first describes how cyber foraging systems dynamically partition data and computation It shows how dynamic partitioning can often yield better performance energy efficiency and application quality than static thin client or thick client approaches for dividing functionality between cloud and mobile computers The lecture then describes the design of the surrogate computing tier It shows how strong isolation can enable third party computers to host computation and store data on behalf of nearby mobile devices It then describes how surrogates can provide reasonable security and privacy guarantees to the mobile computers that use them The lecture concludes with a discussion of data staging in which surrogates temporarily store data in transit between cloud servers and mobile computers in order to improve transfer bandwidth and energy efficiency Table of Contents Introduction Partitioning Management Security and Privacy Data Staging Challenges and Opportunities

Half Way Home from Kinderlouw James Edward Alexander, 2008 Through a collection of short stories a grandfather describes his happy childhood in the small town of Valdosta Georgia It was a simple time when children played simple games with simple toys Those were the days when failure of a child to say yes ma'am and yes sir to grown folks was considered an act of disrespect which brought swift rebuke and punishment from the disrespected adult and the child's parents Most homeowners in his neighborhood only dreamed of indoor plumbing electric lights and home telephone service Despite the prevailing social order dictated by racial segregation which choked the advancement of some of his neighbors little James Edward was often permitted broader liberties to expand his borders simply because all of the adults encouraged his growth His timing was right Colored adults nourished his self confidence as though vicariously rekindling their own aspirations White adults saw a fast moving innocent youngster with a cautious and keen intellect so letting him roam was a

gift to a child which did not threaten their prerogatives So adults of both races sought ways to assuage the harshness of segregation for little James Edward by smothering him with affection and special attention The effects of this esteem is reflected in his pleasant memories of the post depression years and other events of that time **Babyboom Doom** Marion Wehmeyer,2007-02-02 Babyboom Doom is a stirring testimony of the life of a soldier whose attitude was shaped by the historical events of his time The war doomed many of his generation to a life of unsolicited self discovery After war Casey seemingly is forever doomed to a life of failures but with true grit and fortitude he struggles on to become a survivor of the Babyboom Doom **I Can Hold My Own** Edward A. Nowatzki,2013-03-27 I Can Hold My Own is a true story about what it was like growing up in New York City in the 1940s through the eyes a first generation American the son of Polish immigrants As one might expect the lifestyle and day to day activities of a youngster growing up in an urban environment were a lot different from those of a similarly aged youngster growing up on a farm in the Midwest Added to the demographic differences in Dr Nowatzkis case there were also differences from being a first generation American caught in transition between the culture of his parents native Poland and that of twentieth century America Dr Nowatzki describes his experiences in a way that illustrates these differences from many perspectives ranging from his attending a Catholic parochial school and playing sports on the playgrounds of New York to his awareness of historical events such as World War II The story comes from a period in American history when life was relatively simple and the culture was family oriented and deeply rooted in traditional American values based on loyalty to God and country Unlike today there were no distractions from television the Internet computer games and social networks so youngsters had to provide their own means for leisure time activities Some of those activities are described from Dr Nowatzkis perspective as a participant I Can Hold My Own will be of interest to anyone growing up in the United States at that time whether on a farm or in a large city like New York The story will also be of interest to any first generation American faced with a similar transition between two different cultures

The Fifth Astronaut's Double Michael Pickering,2023-12-23 She came from a dying world hoping to find a new home among the stars But her journey ended in tragedy Her colony ship crashed on Earth leaving only five survivors She was injured and left in stasis She remained asleep for 6000 years oblivious to the influence of the other four survivors on the planet s history When she finally woke up she found herself in a world that was both strange and familiar Humans have evolved and progressed but they also faced many threats and conflicts She tried to fit in and learn from their culture hiding her identity She was the last of her kind an alien with secrets that could alter the fate of history But she was not alone Her friends Alex Theo and Lena who discovered her spaceship and Doctor Sarah Jones an archaeologist who studied Sumerian mythology were determined to help her and protect her Together they uncovered a shocking truth she had been cloned by a mysterious organization that wanted to exploit her DNA for their agenda They were pursued by enemies who would do anything to capture her Could she and her friends stop the cloning operation and prevent a war Could she find a place for

herself in this new world Or would she be the last of her race to ever see the stars Midbar I Lynny Harris,2013-10 When with her family at the age of eight Bathsheba tops a hill and witnesses the bloody and violent stoning of an adulterous woman she does not know that the memory will stay with her and will vividly return to be a threat to her in her early twenties As the granddaughter of an influential man named Ahithophel Bathsheba grows up in a loving home only to lose her mother and her grandmother at a young age Her father Eliam disguises her as a boy and takes her with him as he travels on a camel caravan for several years At the age of fourteen she becomes mistress of Grandfather Ahithophel s household when he is called to be a counselor to King David in Jerusalem When she turns fifteen without her father s knowledge Grandfather Ahithophel marries her off to a widowed man named Uriah Hers is an abusive marriage After years of abuse when Bathsheba goes to Jerusalem for the procession of the Ark which King David has brought to the city she meets a handsome dancer from the procession Later when Uriah buys a place near Ahithophel s in Jerusalem she moves there with Gebur Uriah s son from his first marriage One day on a visit to the ruins behind Jerusalem where she goes for peace she encounters again the dancer from the procession of the Ark They spend the day talking yet fighting a growing attraction In the heat of the evening she goes to the aliyah the semiprivate rooftop porch to bathe In the dancing moonbeams of a sultry hot night a man stands on his aliyah which overlooks much of the city His eyes fasten upon the movements of a beautifully shaped woman who is innocently bathing in the ivy curtained aliyah below him The next day though she knows she should not Bathsheba plans to return to the ruins where she had met the dancer But it is not to be Her stepson Gebur awakens ill and she does not want to leave him That night as twilight deepens to dark a messenger and soldiers arrive on her doorstep The king has summoned her It is not a request Questions hurtle through her as she is escorted into the palace up the stairs and allowed entrance through walnut double doors Upon entering she is alone except for the shadowed figure who emerges from the folds of golden drapes at the far edge of the aliyah What are you doing here I am waiting for the king bursts forth from her The dancer from the ruins now arrayed in a robe of opulent red and gold silences her as he quietly speaks her name Bathsheba She stops for she knew she had not told it to him Leading her to a divan he explains that he was the dancer in the procession of the Ark but he is also King David Her lord and sovereign she realizes with astonishment aware again of the powerful attraction between them I will be all right as long as he doesn t touch me she thinks Then King David reaches to slowly turn her to him bending to claim her lips in a tender but oh so breathtaking kiss In his eyes is a question she cannot refuse As David lowers himself toward her he realizes that he has gained more than possession of her body He has gained entrance to her soul Four days later Bathsheba comes out of her world of wonder to realize she has broken Yahweh s law of adultery It is Yahweh s law she has broken to Yahweh she must go She sees no one as she enters the women s courtyard The high priest Zadok is the only priest there at that time of day He and the prophet Nathan both enter the women s court silently to witness a depth of sorrow they have seldom seen After Zadok makes his presence known he intercedes and offers absolution for Bathsheba not knowing what the

cause of her deep grief is In three months time Bathsheba during the time between sleep and gentle wakefulness as she feels again the morning sickness in her stomach accepts the fact that she is carrying King David s baby Uriah her husband has been soldiering at Ammon for many months She is terrified
