## What Solution Can Help You Meet Compliance?

Within the biotech industry, there are many start-ups and smaller companies that lack the funding for compliance departments or dedicated personnel. The Compliance Builder makes data management more practical by allowing you to control signature and electronic document compliance across all IT systems.

## Are You Ready for Your Quality to Go to the Next Level?

The biotech industry is heavily regulated, and appropriate document control is essential. The old ways of using notebooks and filing cabinets are no longer effective. There are emerging technologies that are affordable, scalable, and reduce the need for dedicated quality personnel or departments. Xybion provides a real-time compliance monitoring software specifically designed to help companies pass audits and achieve 21 CFR Part 11 compliance.
