Small Town Renaissance:

Revitalization of Rural and Other Economically Distressed Areas United States. Congress. Senate. Committee on Government Operations, 1971 **Commonplaces** David M. Hummon, 1990-07-05 This book interprets popular American belief and sentiment about cities suburbs and small towns in terms of community ideologies Based on in depth interviews with residents of American communities it shows how people construct a sense of identity based on their communities and how they perceive and explain community problems e g why cities have more crime than their suburban and rural counterparts in terms of this identity Hummon reveals the changing role of place imagery in contemporary society and offers an interpretation of American culture by treating commonplaces of community belief in an uncommon way as facets of competing community ideologies He argues that by adopting such ideologies people are able to make sense of reality and their place in the everyday world The Changing Social Geography of Canadian Cities Larry S. Bourne, David Ley, 1993 The contributors to this volume demonstrate the richness and diversity of the social landscapes and communities in Canadian urban centres emphasizing changes which occurred in the period from the mid 1960s to the early 1990s The nineteen non technical and integrative essays include reviews of the literature empirical studies and discussions of policy issues

Building A New Heritage (RLE Tourism) Gregory Ashworth,Peter Larkham,2013-05-20 At the heart of the European debate lies the tension between the idea of European unity and individual state identities and nationalisms This volume provides an insight into this dichotomy by exploring the role of heritage in the new Europe The main theme of this book is that a number of possible heritages can be shaped from the European past depending on the purposes for which they are intended Through different methods of management intervention heritage can fulfil a variety of functions becoming a major commercial resource in the form of the tourism industry or enlisted in the creation and maintenance of place identities Leading contributors look at different perceptions of heritage by different cultures and the social and political consequences of heritage planning The nature of heritage planning for emerging spatially fragmented state structures is also discussed

Precocious V Leigh,2015-01-23 Precocious is a girl s coming of age journey of self discovery forgiveness and resilience CC the main character is shuffled from pillar to post after her mother s untimely death Her life turned topsy turvy when her father s resolve drives him to remove her from the sanctity of the only home she s ever known Thanks to divine intervention CC is able to face the painful truth about the complexities of her own

present while accepting her family's often convoluted past as she embraces a future of limitless possibilities during her evolution into a young woman of substance. As you read this book hopefully you will be able to draw an analogy between the prodigious honey bee symbolized on the front cover of PRECOCIOUS and this literary work which has been diligently toiled over through numerous long and agonizing nights and lovingly tended to during many a painfully cold arthritic day.
