Childress, 1996 Atlantis The legendary lost continent comes under the close scrutiny of archaeologist David Hatcher Childress From Ireland to Turkey Morocco to Eastern Europe or remote islands of the Mediterranean and Atlantic Childress takes the reader on an astonishing quest for mankind's past Ancient technology cataclysms megalithic construction lost civilisations and devastating wars of the past are all explored in this amazing book Childress challenges the sceptics and proves that great civilisations not only existed in the past but that the modern world and its problems are reflections of the ancient world of Atlantis **The Tangier Diaries** John Hopkins, 2015-09-21 Tangier in the 1960s and 70s was a fabled place This edge city the Interzone became muse and escapist's dream for artists writers millionaires and socialites who wrote painted partied and experienced life with an intensity and freedom that they never could back home Into this louche and cosmopolitan world came John Hopkins a young writer who became a part of the bohemian Tangier crowd with its core of Beats that included William Burroughs Paul and Jane Bowles and Brion Gysin as well as Tennessee Williams Jean Genet Yves Saint Laurent Barbara Hutton and Malcolm Forbes Those intoxicating decades Tangier's Golden Years are long gone Grand old houses that once sparkled with life are shuttered and dark and most of the eccentrics who once lived and loved in the city have died But here in the pages of John Hopkins cult classic all the decadence and flamboyance of those days is brought to life once more *Routledge Handbook on Middle East Cities* Haim Yacobi, Mansour Nasasra, 2019-07-01 Presenting the current debate about cities in the Middle East from Sana'a Beirut and Jerusalem to Cairo Marrakesh and Gaza the book explores urban planning and policy migration gender and identity as well as politics and economics of urban settings in the region This handbook moves beyond essentialist and reductive analyses of identity urban politics planning and development in cities in the Middle East and instead offers critical engagement with both historical and contemporary urban processes in the region Approaching Cities as multi-dimensional sites products of political processes knowledge production and exchange and local and global visions as well as spatial artefacts Importantly in the different case studies and theoretical approaches there is no attempt to idealise urban politics planning and everyday life in the Middle East which as with many other cities elsewhere are also situations of contestation and violence but rather to highlight how cities in the region and especially those which are understudied revolve around issues of housing infrastructure participation and identity amongst other concerns Analysing a variety of cities in the Middle East the book is a significant contribution to Middle East Studies It is an essential resource for students and academics interested in Geography Regional and Urban Studies of the Middle East **Desert**
