The Artificial Self The Psychology Of Hippolyte Taine:

The Artificial Self Hilary Nias, 2017 *The Artificial Self* Hilary Nias, 2017-12-02 This book reassesses Taine as the very model of the European intellectual in the second half of the 19th century The author draws on unpublished manuscripts and letters to reveal a self disguised tentative and ironic mentality very like the one Taine described in his psychological writings These qualities are reflected not only in his own ludic response to his times but in that of many fellow Second Empire intellectuals Darwinian evolution new scientific discoveries la Critique and Impressionism all made a profound impact on Taine s thinking and on his contribution to the moral revival and Nationalism of the Third Republic Disarming Intelligence Zakir Paul, 2024-08-13 A critical account of the idea of intelligence in modern French literature and thought In the late nineteenth century psychologists and philosophers became intensely interested in the possibility of quantifying measuring and evaluating intelligence and using it to separate and compare individuals Disarming Intelligence analyzes how this polyvalent term was consolidated and contested in competing discourses from fin de si cle psychology and philosophy to literature criticism and cultural polemics around the First World War Zakir Paul examines how Marcel Proust Henri Bergson Paul Val ry and the critics of the influential Nouvelle revue fran aise registered negotiated and subtly countered the ways intelligence was invoked across the political and aesthetic spectrum For these writers intelligence fluctuates between an individual sovereign faculty for analyzing the world and something collective accidental and contingent Disarming Intelligence shows how literary and critical styles questioned suspended and reimaged what intelligence could be by bringing elements of uncertainty and potentiality into its horizon The book also explores interwar political tensions from the extreme right to Walter Benjamin s engaged essays on contemporary French writers Finally a brief coda recasts current debates about artificial intelligence by comparing them to these earlier crises of intelligence By drawing together and untangling competing conceptions of intelligence Disarming Intelligence exposes its mercurial but influential and urgent role in literary and cultural politics CŽzanne, Murder, and Modern Life AndrŹ Dombrowski, 2013 C zanne Murder and Modern Life changes the way we think about and see C zanne s entire oeuvre Dombrowski s arguments are convincing and bold especially on the theme of murder as a vehicle for representation Modern Olympia has never before been so satisfactorily analyzed Susan Sidlauskus Rutgers University author of Cezanne s Other The Portraits of Hortense Exciting and intelligent C zanne Murder and Modern Life will be important for modernists and essential for scholars of C zanne early Impressionism and painting in the 1860s Dombrowski shows us a C zanne we did not know Nancy Locke author of Manet and the Family Romance **The Cambridge History of Literary Criticism: Volume 6, The Nineteenth Century, c.1830-1914** M. A. R. Habib, 2013-02-07 In the nineteenth century literary criticism first developed into an autonomous professional discipline in the universities This volume provides a comprehensive and authoritative study of the vast field of literary criticism between 1830 and 1914 In over thirty essays written from a broad range of perspectives international scholars examine the growth of

literary criticism as an institution and the major critical developments in diverse national traditions and in different genres as well as the major movements of Realism Naturalism Symbolism and Decadence The History offers a detailed focus on some of the era s great critical figures such as Sainte Beuve Hippolyte Taine and Matthew Arnold and includes essays devoted to the connections of literary criticism with other disciplines in science the arts and Biblical studies The publication of this volume marks the completion of the monumental Cambridge History of Literary Criticism from antiquity to the present day

Simulated Selves Andrew Spira,2020-06-25 The notion of a personal self took centuries to evolve reaching the pinnacle of autonomy with Descartes I think therefore I am in the 17th century This personalisation of identity thrived for another hundred years before it began to be questioned subject to the emergence of broader more inclusive forms of agency Simulated Selves The Undoing Personal Identity in the Modern World addresses the constructed notion of personal identity in the West and how it has been eclipsed by the development of new technological social art historical and psychological infrastructures over the last two centuries While the provisional nature of the self sense has been increasingly accepted in recent years Simulated Selves addresses it in a new way not by challenging it directly but by observing changes to the environments and cultural conventions that have traditionally supported it By narrating both its dismantling and its incapacitation in this way it records its undoing Like The Invention of the Self Personal Identity in the Age of Art to which it forms a companion volume Simulated Selves straddles cultural history and philosophy Firstly it identifies hitherto neglected forces that inform the course of cultural history Secondly it highlights how the self is not the self authenticating abstraction only accessible to introspection that it seems to be it is also a cultural and historical phenomenon Arguing that it is by engaging in cultural conventions that we subscribe to the process of identity formation the book also suggests that it is in these conventions that we see our self sense and its transience best reflected By examining the traces that the trajectory of the self sense has left in its environment Simulated Selves offers a radically new approach to the question of personal identity asking not only how and why is it under threat but also given that we understand the self sense to be a constructed phenomenon why do we cling to it

Surrealism, History and Revolution Simon Baker,2007 This book is a new account of the surrealist movement in France between the two world wars It examines the uses that surrealist artists and writers made of ideas and images associated with the French Revolution describing a complex relationship between surrealism s avant garde revolt and its powerful sense of history and heritage Focusing on both texts and images by key figures such as Louis Aragon Georges Bataille Jacques Andr Boiffard Andr Breton Robert Desnos Max Ernst Max Morise and Man Ray this book situates surrealist material in the wider context of the literary and visual arts of the period through the theme of revolution It raises important questions about the politics of representing French history literary and political memorial spaces monumental representations of the past and critical responses to them imaginary portraiture and revolutionary spectatorship The study shows that a full understanding of surrealism requires a detailed account of its attitude to revolution

and that understanding this surrealist concept of revolution means accounting for the complex historical imagination at its heart
