The Ascent Of Britain:

British culture and the end of empire Stuart Ward, 2017-03-01 This book is the first major attempt to examine the cultural manifestations of the demise of imperialism as a social and political ideology in post war Britain Far from being a matter of indifference or resigned acceptance as is often suggested the fall of the British Empire came as a profound shock to the British national imagination and resonated widely in British popular culture The sheer range of subjects discussed from the satire boom of the 1960s to the worlds of sport and the arts demonstrates how profoundly decolonisation was absorbed into the popular consciousness Offers an extremely novel and provocative interpretation of post war British cultural history and opens up a whole new field of enquiry in the history of decolonisation **The Ascent of Britain** Peter Walker, 1984

British Polity, The, CourseSmart eTextbook Philip Norton, 2015-10-30 This book provides a clear conceptual framework for the understanding of British politics influenced in broad terms by a systems approach to public policy It considers the bodies responsible for scrutinizing and legitimizing the policies of the U K government Parliament and the monarchy **The Ancient Volcanoes of Great Britain With seven maps and numerous illustrations** , 1897

Proceedings of the British Meteorological Society Royal Meteorological Society (Great Britain), 1863 *Britain and the Conflict in the Middle East, 1964-1967* Moshe Gat, 2003-02-28 In this comprehensive study Gat looks at British policy in the period leading up to the Six Day War Although Britain holds center stage in this account the study discusses in some detail American policy and its effect on the Arab Israeli conflict It also focuses on the Middle East water dispute its impact on future events and eventually the outbreak of war in 1967 This is a fascinating look at the process by which the Middle East became yet another Cold War playground To date most scholars on the Arab Israeli conflict have focused on the events of the Six Day War rather than on the tumultuous years prior to the war Gat is the first to examine this turbulent yet decisive chapter in the history of the Middle East within the context of the Cold War while making extensive use of British American and Israeli archives *Great Britain* Karl Baedeker (Firm), 1910 *Battles of the British army* Charles Rathbone Low, 1890
