Justification in Late Medieval Preaching: A Study of John Geiler of Keisersberg E. Jane Dempsey Douglass,2022-07-04

The Reformation of Faith in the Context of Late Medieval Theology and Piety Berndt Hamm,2004 This book is the first major collection of articles by Berndt Hamm in English translation The articles employ previously neglected sermons devotional and pastoral treatises to reassess the question of continuity and change between late medieval and Reformation theology and piety Luther and His Spiritual Legacy Jared Wicks,2016-07-26 Luther can be a forceful teacher of lived religion He can be a resource for the enrichment of personal spirituality for members of all Christian confessions Above all Luther sought to help people be struck personally by the word and work of Christ So writes Jared Wicks in *Luther and His Spiritual Legacy* a work full of citations of Luther s teaching that shows the Reformer treating major issues of Christian living that focus on conversion from self reliance to trusting God s word of grace After a concise survey of the world in 1500 Luther s theology of the cross emerges from his interpretation of Psalms and Romans Once the Reformation reached an initial settlement Luther produced attractive catechisms to counter ignorance of the Christian basics among the people and their pastors Luther s many sided controversial arguments with Catholic opponents the Reformation radicals Erasmus and Zwingli were efforts to ward off misconceptions of the central dynamics of Christian conversion But Luther s later constructive works offer a well rounded account of life in Christ characteristically marked by personal certainty ever renewed from God s address by eruptive spontaneity in doing good and by dutiful service in one s vocation Martin Luther: The Problem with Faith and Reason David Andersen,2012-09-01 Luther s critics have consistently charged him as an irrationalist and pessimist concerning reason s capabilities and even by his followers as a fideist who sees little or no relationship between faith and reason In this book David Andersen offers a fresh and timely re evaluation of Luther and his understanding of the relationship between faith and reason based upon a thorough engagement with Luther s mature writings Dr Andersen persuasively argues that far from being either an irrationalist or a fideist Luther stands within an empiricist tradition and that his pronouncements on fallen human reason can be understood only from that philosophical perspective Based upon recent research into the writings of William of Ockham who positively influenced Luther in this area Dr Andersen also shows that Luther can no longer be charged as a pessimist concerning human knowledge Reason has an important role to play for Luther in bringing one to faith and the objectivity of Christ s resurrection serves as that focal point that validates all Christian discourse In subordinating itself to the facts of the death and resurrection of Christ for the forgiveness of sins reason s created function is restored to some extent as it receives that forgiveness in the words of Holy Scripture and the visible means of Baptism and the Lord s Supper **The Theologia Germanica of Martin Luther** Franckforter,Martin Luther,1980 Written around 1350 by an anonymous author this is a simple yet profound book about life in God as it

translates into life in the world This translation was based on the Reformer s edition of 1518 **Luther and the Dawn of the Modern Era** Heiko A. Oberman,2022-07-18 Christological Anthropology in Historical Perspective Marc Cortez,2016-02-02 What does it mean to be truly human In Christological Anthropology in Historical Perspective Marc Cortez looks at the ways several key theologians Gregory of Nyssa Julian of Norwich Martin Luther Friedrich Schleiermacher Karl Barth John Zizioulas and James Cone have used Christology to inform their understanding of the human person Based on this historical study he concludes with a constructive proposal for how Christology and anthropology should work together to inform our view of what it means to be human Many theologians begin their discussion of the human person by claiming that in some way Jesus Christ reveals what it means to be truly human but this often has little impact in the material presentation of their anthropology Although modern theologians often fail to reflect robustly on the relationship between Christology and anthropology this was not the case throughout church history In this book examine seven key theologians and discover their important contributions to theological anthropology **Luther** H. G. Koenigsberger,1973-06-18 **Justification in Late Medieval Preaching** E. Jane Dempsey Douglass,1966
