Instructions

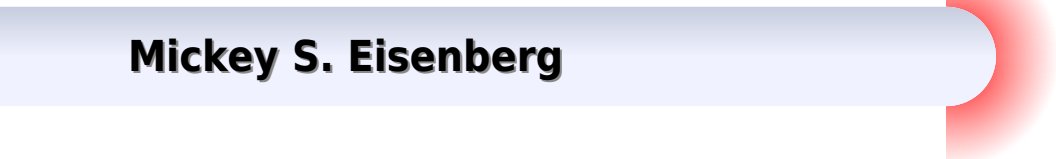

1. **Divide the Wheel:** Draw a large circle on a piece of paper and divide it into segments. Label each segment with an area of your life you want to focus on (e.g., Career, Health, Relationships, Finances, etc.).
2. **Rate Each Area:** Rate your current level of satisfaction or the amount of attention each area is currently receiving from 1 to 10, with 1 being the least satisfied or least attention and 10 being the most.
3. **Plot Your Ratings:** Draw a line across each segment at the point that corresponds to your rating for that area. This gives you a new "edge" to the wheel.
4. **Analyze the Wheel:** Take a good look at your completed wheel. Does it look balanced or are there areas that are lagging behind?

Here's an example:

The Balance Of Living:

Life in the Balance Niles Eldredge, 2000-02-20 In *Life in the Balance* Niles Eldredge argues that the Earth is confronting an ecological disaster in the making. He reviews compelling evidence for this biodiversity crisis showing that species are dying out at an unnaturally rapid rate. This book explores the same themes that illuminate the American Museum of Natural History's new Hall of Biodiversity for which Eldredge is Scientific Curator. An eloquent and passionate account by one of today's leading scientists, *Life in the Balance* draws attention to one of the most pressing problems now facing the world. Copyright Libri GmbH All rights reserved *The A C T Balance To Life* Ken F. Riley Jr., 2017-09-15 The absolute complete and total balance to life with can be used to govern one's self. A guide on how to be a good person and how not to be a bad person. **Four the Balance of Life** Gerard Brown, 2011 Have you ever felt you didn't trust someone but weren't sure what to do about it? Have you ever been disrespected by those close to you? Have you ever felt unsafe around certain people? Have you ever had someone close—a friend, partner, or business associate—who seems to not communicate when you need it most? If you answer yes to any of these questions, then let Gerard Brown guide you to more powerful and fulfilling personal and professional relationships. Gerard shows how the four keys of trust, safety, respect, and communication are vital to any healthy connection. You will soon be armed with a superior knowledge of tools that will put you in total charge of your life and help you quickly recognize those trying to control or harm you. Through reading and learning from real-life examples, you will discover how to avoid toxic people and how to choose your friends and acquaintances wisely. Gerard approaches these delicate and complex topics with simplicity, humor, and logic. In *Four The Balance of Life*, you truly will find how to build healthy relationships. *The Balance Equation: Find Your Formula for Living Your Best Life* Rob Fiance, Stuart Rosenblum, 2023-03-23 Struggling to Live Your Best Life? This breakthrough book shows those who feel overwhelmed and just unable to find balance how to move closer to this elusive and vitally important goal. Virtually everyone struggles to stay balanced and carve out time for the things that are most important to them—a task that is increasingly difficult in today's frenetic world. In *The Balance Equation: Find Your Formula for Living Your Best Life*, authors Rob Fiance and Stuart Rosenblum offer a simple but comprehensive program for balancing the four life categories of self, health, relationships, and money. Their proprietary concept called Micro moves™, making small changes that immediately begin addressing problem areas, helps readers achieve their priorities and begin living their best lives without a huge disruption or drain of time. Complete with exercises and case studies, *The Balance Equation™* helps those who are ready to live their best lives take action and develop their own personal formula for doing exactly that. American Foundation for Suicide Prevention will receive a portion of the proceeds of each book. Reviews: I've already embraced the concept of micro moves—tiny activities that take almost no time at all. Such as meditate for one minute. I'm not a meditating type person, but for only one minute. Yeah, I can do that. Julie Mayerson Brown, author of top-selling contemporary women's fiction novels. I have just read *The Balance Equation*.
