Distinctively Baptist Essays on Baptist History Walter B. Shurden, 2005 This collection of essays by different authors is presented as a tribute to Walter B. Shurden distinctively Baptist church historian teacher preacher author Baptist apologist extraordinaire The rationale of this celebration of the lifework and influence of Walter Shurden is well stated for example in editor Marc Jolley's preface During some of the initial forays of our most recent and ongoing Fundamentalist Moderate controversy there were days when I thought about changing denominations Shurden's works were instrumental in my remaining a Baptist not because I could see how Baptists had always had controversies and survived although that is true but because he helped me understand that the reason I had been Baptist and would remain so was due to our Baptist distinctives our freedoms For so much more but especially for that understanding I am forever grateful Many students Baptists in the pews some at the pulpit or lectern even some who are not distinctively Baptist could testify in like terms regarding the ongoing work and influence of Walter B. Shurden The essays in this collection of course address some of the primary concerns of Walter Shurden augmenting that already significant lifework

Thinking With the Church Derek

C. Hatch, 2017-12-08 Over the centuries Baptists have labored to follow Christ in faithful devotion and service More recently they have occasionally partnered with fellow Christians from other traditions in these efforts while learning from each other along the way In *Thinking With the Church* Derek Hatch argues that Baptists need to follow the same pattern when it comes to their theological reflection engaging the wisdom of all Christian pilgrims across time This will require a new theological method ressourcement that embraces Baptists place within the Great Tradition of the Christian faith Such work will not abandon long held Baptist convictions but offers resources for renewing Baptists theological vision as they participate in the fullness of the mystical body of Christ **Pastoral Bearings** Mary Clark Moschella, Jane F. Maynard, Leonard

Hummel, 2010-03-18 The study of lived religion is an enterprise which attempts to elucidate how ordinary men and women in all times and places draw on religious behavior media and meanings to make sense of themselves and their world Through the influence of liberation theology and postmodernism pastoral theologians like other scholars of religion have begun more closely to examine the particularity of religious practice that is reflected through the rubric of lived religion *Pastoral Bearings* offers up ten studies that exemplify the usefulness of the lived religion paradigm to the field of pastoral theology The volume presents detailed qualitative research focused on the everyday beliefs and practices of individuals and groups and explores the implications of lived religion for interdisciplinary conversation intercultural and gender analysis and congregational studies Reflecting upon the utility of this approach for pastoral theological research education and pastoral care the studies collected in *Pastoral Bearings* demonstrate the importance of the study of lived religion
