The Barracks Thief:

The Barracks Thief Tobias Wolff, 1990-01-01 The Barracks Thief is the story of three young paratroopers waiting to be shipped out to Vietnam Brought together one sweltering afternoon to stand guard over an ammunition dump threatened by a forest fire they discover in each other an unexpected capacity for recklessness and violence Far from being alarmed by this discovery they are exhilarated by it they emerge from their common danger full of confidence in their own manhood and in the bond of friendship they have formed This confidence is shaken when a series of thefts occur The author embraces the perspectives of both the betrayer and the betrayed forcing us to participate in lives that we might otherwise condemn and to recognize the kinship of those lives to our own

A Rambling Collection of Murder Myth Musings and Capers Martin Sandy Doria, 2013-09-17 An eclectic depiction of events some actual and some fantasied Although a number of the articles are of a serious nature many reek of absurdity and the intention is then satirical farce to bring about amusement The poetry included is not quite doggerel but certainly not the sublime variety of serious poets Just a means to better tell a sentiment or story The overall format is a magazine style so one can drift from one entry to another with almost no continuity involved A good read to overcome insomnia or boring television fare

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this

American Literature in Transition, 1980-1990 D. Quentin Miller, 2017-12-28 History has not been kind to the 1980s The decade is often associated with absurd fashion choices neo Conservatism in the Reagan Bush years the AIDS crisis Wall Street ethics and uninspired television film and music Yet the literature of the 1980s is undeniably rich and lasting American Literature in Transition 1980 1990 seeks to frame some of the decade's greatest achievements such as Toni Morrison's monumental novel *Beloved* and to consider some of the trends that began in the 1980s and developed thereafter including the origins of the graphic novel prison literature and the opening of multiculturalism vis vis the canon wars This volume argues not only for the importance of 1980s American literature but also for its centrality in understanding trends and trajectories in all contemporary literature against the broader background of culture This volume serves as both an introduction and a deep consideration of the literary culture of our most maligned decade
