Sean Howe,2023-08-29 The life and times of High Times enigmatic founder Thomas King For ade an underground newspaper editor and marijuana kingpin who between police raids smuggling runs and outrageous stunts battled both the US government and fellow radicals Cover illustration by legendary comics artist Bill Sienkiewicz At the end of the 1960s the mysterious Tom For ade suddenly appeared insinuating himself into the top echelons of countercultural politics and assuming control of the Underground Press Syndicate a coalition of newspapers across the country Weathering government surveillance and harassment he embarked on a landmark court battle to obtain White House press credentials But his audacious exploits pieing Congressional panelists stealing presidential portraits and picking fights with other activists led to accusations that he was an agent provocateur As the era of protest faded and the dark shadows of Watergate spread For ade hoped that marijuana could be the path to cultural and economic revolution Bankrolled by drug dealing profits High Times would be the Playboy of pot dragging a once taboo subject into the mainstream The magazine was a travelogue of globe trotting adventure a wellspring of news about the business and an overnight success But High Times soon threatened to become nothing more than the hip capitalism For ade had railed against for so long and he felt his enemies closing in Assembled from exclusive interviews archived correspondences and declassified documents Agents of Chaos is a tale of attacks on journalism disinformation campaigns governmental secrecy corporatism and political factionalism Its triumphs and tragedies mirror the cultural transformations of 1970s America wrought by forces that continue to clash in the spaces between activism and power *Geological Survey Research 1972* Geological Survey (U.S.),1972 A summary of recent significant scientific and economic results accompanied by a list of geologic hydrologic and cartographic investigations in progress *The Life and Poetry of Frank Stanford* James McWilliams,2025-07-01 The full throated biography fans have been yearning for Kirkus Starred Review April 2025 When twenty nine year old Frank Stanford put three bullets in his chest on June 3 1978 he ended a life that had been inextricably linked with poetry since childhood Deeply influential but largely unknown outside his corner of the poetry world this prodigy of the American South inspired a cult following that has kept his reputation and work flickering on the periphery of the American literary tradition ever since The Life and Poetry of Frank Stanford offers for the first time a comprehensive study of Stanford's life and work introducing to a broad readership poetry that remains both captivating to poets and in its celebration of everyday experience over academic erudition accessible to those who rarely read poetry Stanford's poems range from one line to his 15 283 line epic The Battlefield Where the Moon

Says I Love You The vital thread running through all of his poetry is an ear for language that vies with Walt Whitman in its expansiveness and generosity Stanford s omnivorous attraction to vernacular particularly Black and rural vernacular centered on an admiration for the marginalized and eccentric Blending the Southern Gothic of Faulkner and O Connor with a racially egalitarian vision his poetry thrives on the stories and traditions of the oppressed and forgotten The themes that preoccupied Stanford s prolific output language sex death class geography commercialism surrealism film race also preoccupied the poet in his daily life which was marked by heavy drinking philandering mental instability emotional abuse and through it all an inveterate desire for beauty Constantly attentive to this tension biographer James McWilliams traces the short and painfully complicated life of this hidden talent who left a lifetime s worth of poetry that through its grounding in the mundane achieved a vision of the transcendent
