An American Seafarer in the Age of Sail Barry Richard Burg,Philip Clayton Van Buskirk,1994-01-01 Philip Van Buskirk enlisted in the U S Marines in 1846 when he was twelve years old Beginning in 1851 he recorded his thoughts and experiences on board ship providing a firsthand account of the countries he visited the brawling nation in which he lived and the everyday life and homoerotic exploits of the sailors and marines who sailed with him In this intimate portrait the author

The Seafarers Douglas Botting, 1979 Volume set concerning the history of maritime travel. Each volume has a distinct title. *The Titanic* Eugene L. Rasor, 2001-09-30 Promoted as virtually unsinkable, the ultimate luxury liner, the largest ship in the world, the RMS Titanic sank on its maiden voyage in April 1912, taking some 1,500 people to their death. Aboard the ship were the wealthy and famous as well as hundreds of immigrants seeking a new life in America. The most dramatic marine disaster of modern times, the Titanic tragedy captured the interest and imagination of the entire world. The intensity of interest in the catastrophe has increased particularly after discovery of the wreck off the coast of Newfoundland in the mid 1980s. The resulting literature is vast, including both scholarly and popular sources. Covering more than the published literature, the book also surveys memorabilia, artifacts, cultural icons, music, film, and exhibitions. Divided into three sections, the work opens with a historiographical survey of the literature, then includes descriptive lists of more peripheral material, and concludes with a bibliography of 674 entries. All items covered in the historiographical survey are included in the bibliography. This useful guide will appeal to researchers, both laymen and scholars, interested in the Titanic. *The Cambridge Companion to Latin American Independence* Marcela Echeverri, Cristina Soriano, 2023-03-23 Innovatively revisits Latin American independence and its significance for the Age of Atlantic Revolutions.
