Department of Internal Affairs. Historical Branch, 1993 132 short histories of organisations grouped in thirteen sections Introduction *Diary Poetics* Anna Jackson, 2020-08-26 The diary is a genre that is often thought of as virtually formless a capacious hold all for the writer s thoughts and as offering unmediated access to the diarist s true self Focusing on the diaries of Katherine Mansfield Virginia Woolf Antonia White Joe Orton John Cheever and Sylvia Plath this book looks at how six very different professional writers have approached the diary form with its particular demands and literary potential As a sequence of separate entries the diary is made up of both gaps and continuities and the different ways diarists negotiate these aspects of the diary form has radical effects on how their diaries represent both the world and the biographical self The different published editions of the diaries by Katherine Mansfield Virginia Woolf and Sylvia Plath show how editorial decisions can construct sometimes startlingly different biographical portraits Yet all diaries are constructed and all diary constructions depend on how the writer works with the diary form [Sailing to Australia](#) Andrew Hassam, 1994 Between 1788 and 1880 some 1 3 million free emigrants arrived in Australia from the British Isles It was a huge transition both geographically and culturally and one way of dealing with this appears to have been to write a diary The surviving diaries offer snapshots of the lives of and experiences of many ordinary people who emigrated *Governors' Wives in Colonial Australia* Anita Selzer, 2002 The lives of five vice regal women who accompanied their husbands to the Australian colonies during the nineteenth century are examined in *Governors wives in colonial Australia* Eliza Darling New South Wales 1825 1831 Jane Franklin Van Diemen s Land 1837 1843 Mary

Page 2 Unbridling the Tongues of Women Susan Magarey, 2010 Catherine Helen Spence was a charismatic public speaker in the late nineteenth century a time when women were supposed to speak only at their own firesides She was carving a new path into the world of public politics along which other women would follow in the first Australian colony to win votes for women Ibss: Anthropology: 1988 British Library of Political and Economic Science, 1992 This bibliography lists the most important works in anthropology published in 1988 One Continuous Picnic Michael Symons, 2007 2007 marks the twenty fifth anniversary of the first publication of *One Continuous Picnic* a frequently acclaimed Australian classic on the history of eating in Australia The text remains gratifyingly accurate and prescient and has helped to shape subsequent developments in food in Australia Until recently historians have tended to overlook eating and yet through meat pies and lamingtons Symons tells the history of Australia gastronomically He challenges myths such as that Australia is too young for a national cuisine and that immigration caused the restaurant boom Symons shows us that Australia is unique because its citizens have not developed a true contact with the land have not had a peasant society Australians have enjoyed plenty to eat but food had to be portable witness the weekly rations of mutton flour tea and sugar that made early settlers a mobile army clearing a whole continent and the tins of jam condensed milk camp pie and bottles of tomato sauce and beer that turned its citizens into early suburbanites By the time of screw top riesling takeaway chicken and frozen puff pastry Australians were hypnotised consumers on one continuous picnic But good food has never come from factory farms process lines supermarkets and fast food chains Only when we enjoy a diet of fresh local produce treated with proper respect when we learn from peasants might we at last have found a national cuisine and cultivated a continent *Australian Women in Advertising in the Twentieth Century* J. Dickenson, 2016-04-29 When did Australian women first enter the advertising industry The stereotypical advertising executive might be a pony tailed Ferrari driving young ish man but women have worked in Australian advertising agencies from the first years of the modern industry and today they comprise half of the industry s workforce *Australian Women in Advertising in the Twentieth Century* rescues these women from their obscurity By employing a broader definition of advertising than usual this study reveals the important role women have played in the development of the Australian advertising industry sheds light on women s struggle to reach the higher echelons of the industry and considers why the popular image of the advertising executive is at such variance from the reality The experiences of these remarkable women across a century of Australian advertising provide valuable information on the role of gender in the development of this ubiquitous industry as well as the encroachment of consumer culture
