Sinosoviet Border Dispute In The 1970s:

The Sino-Soviet Border Dispute in the 1970's Tsien-hua Tsui, 1983 This dispute has become one of the major causes of the Sino Soviet rift in the ensuing years and continues to loom as a crucial determinant of the future relationship between these two great powers The book is based on original research in Chinese Russian and English sources *The Sino-Soviet Border Dispute in the 1970's* Tsien-hua Tsui, 1983 SCOTT copy 1 from the John Holmes Library collection **Sino-Soviet Conflict in the 1970s** Kenneth Lieberthal, 1978 Analyzes the evolution of Sino Soviet relations since the Cultural Revolution and explains China's policies in terms of political struggles which racked Peking during the 1970s Key questions are explored What bilateral strategies have the Soviet Union and China adopted to deal with each other since 1969 How has the Moscow Peking feud affected dealings with other states How have Sino Soviet relations intertwined with domestic politics in China What changes in relations are likely in coming years What are the implications of these factors for U S policy toward Sino Soviet affairs The analysis concludes that American interests are best served by a Sino Soviet relationship poised between rapprochement and war The author argues that the dynamics of the relationship will very likely produce such an outcome As well the United States should pursue bilateral relationships with Moscow and Peking so as to maximize American interests without trying to affect their interactions with each other **The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982** Roderick MacFarquhar, John K. Fairbank, Denis Crispin Twitchett, 1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao's thoughts and how they related to China's government The most comprehensive account of this turbulent period in Chinese history **China, an Analytical Survey of Literature** United States. Department of the Army, 1978 **The Nixon Administration and the Making of U.S. Nuclear Strategy** Terry Terriff, 2018-05-31 In 1974 Richard Nixon's defense secretary James Schlesinger announced that the United States would change its nuclear targeting policy from assured destruction to limited nuclear options In this account of the Schlesinger Doctrine based on newly declassified documents and extensive interviews with key actors Terry Terriff challenges the Nixon administration's official explanation of why and how this policy innovation occurred A History of the Modern Chinese Navy, 1840-2020 Bruce A. Elleman, 2021-05-09 This book provides a comprehensive history of the modern Chinese navy from 1840 to the present Beginning with a survey of naval developments in earlier imperial times the book goes on to show how China has since the mid 19th century four times built or rebuilt its navy after the Opium Wars a navy which was sunk or captured by the Japanese in the war of 1894 1895 during the 1920s and 1930s a navy again sunk or lost to Japan in the war of 1937 1945 in the 1950s a navy built with Soviet help which stagnated following the Sino Soviet split in the early 1960s and finally the present navy which absorbed its predecessor but with the most modern sections dating from the 1990s a navy which continues to grow and prosper The book also shows how the underlying strategic imperative for the Chinese navy has been

the defense of China's coasts and major rivers how naval mutiny was a key factor in the overthrow of the Qing and the Nationalist regimes and how successive Chinese governments aware of the potent threat of naval mutiny have restricted the growth independence and capabilities of the navy Overall the book provides at a time when many people in the West view China and its navy as a threat a rich detailed and realistic assessment of the true nature of the Chinese navy and the contemporary factors that affect its development **The Philosophy of Chinese Military Culture** W. Mott,J.

Kim,2006-04-02 Drawing on ancient texts and modern interpretations this work explores the foundations for war in China's strategic culture Shih Li and Tao The work uses Shih theory to explain the anomalies that continue to perplex Euro American observers in modern China's uses of force **Foreign Relations of the United States** United States. Department of State,1969 **The Cold War in Asia** J. Bruce Amstutz,1996-12 Modern Chinese Warfare, 1795-1989 Bruce A.

Elleman,2005-07-28 Why did the Chinese empire collapse and why did it take so long for a new government to reunite China Modern Chinese Warfare 1795 1989 seeks to answer these questions by exploring the most important domestic and international conflicts over the past two hundred years from the last half of the Qing empire through to modern day China It reveals how most of China's wars during this period were fought to preserve unity in China and examines their distinctly cyclical pattern of imperial decline domestic chaos and finally the creation of a new unifying dynasty By 1989 this cycle appeared complete but the author asks how long this government will be able to hold power Exposing China as an imperialist country and one which has often manipulated western powers in its favour Bruce Elleman seeks to redress the views of China as a victimised nation China's Policy Towards Territorial Disputes Chi-kin Lo,2003-09-02 Since 1949 and the founding of the People's Republic China has been involved in more than one territorial dispute with its neighbours Currently the most unstable and dangerous dispute is the one over the Paracel and Spratly islands in the South China Sea With their potentially rich and accessible petroleum resources these islands have become the new arena of conflict for the 1970s and 1980s China having already fought a war with South Vietnam over the Paracel Islands This book based on a wealth of primary materials in the Chinese language is the first to make a thorough and overall investigation of China's policy towards these islands It deals with the battle for the Paracels the dispute with Vietnam the disputes with the Philippines and Malaysia and the relationship between the territorial disputes and China's maritime claims in the South China Sea **Sino-Soviet Border Dispute**
