**Childbirth and the Display of Authority in Early Modern France** Lianne McTavish, 2017-03-02 Throughout the early modern period in France surgeon men midwives were predominantly associated with sexual impropriety and physical danger yet over time they managed to change their image and by the eighteenth century were summoned to attend even the

uncomplicated deliveries of wealthy urban clients In this study Lianne McTavish explores how surgeons strove to transform the perception of their midwifery practices claiming to be experts who embodied obstetrical authority instead of intruders in a traditionally feminine domain McTavish argues that early modern French obstetrical treatises were sites of display participating in both the production and contestation of authoritative knowledge of childbirth Though primarily written by surgeon men midwives the texts were also produced by female midwives and male physicians McTavish s careful examination of these and other sources reveals representations of male and female midwives as unstable and divergent undermining characterizations of the practice of childbirth in early modern Europe as a gender war which men ultimately won She discovers that male practitioners did not always disdain maternal values In fact the men regularly identified themselves with qualities traditionally respected in female midwives including a bodily experience of childbirth Her findings suggest that men s entry into the lying in chamber was a complex negotiation involving their adaptation to the demands of women One of the great strengths of this study is its investigation of the visual culture of childbirth McTavish emphasizes how authority in the birthing room was made visible to others in facial expressions gestures and bodily display For the first time here the vivid images in the treatises are analysed including author portraits and engravings of unborn figures McTavish reveals how these images contributed to arguments about obstetrical authority instead of merely illustrating the written content of the books At the same time her arguments move far beyond the lying in chamber shedding light on the exchange of visual information in early modern France a period when identity was largely determined by the precarious act of putting oneself on display

people eating Uncle Wang smiled and replied When he saw You Jia walking behind Zhang Wenzhong he couldn't help but be slightly surprised thinking to himself I really didn't expect that little Zhang looks quiet but his fate with women is also very good The girls who appear by his side one is indeed more beautiful than the other It's funny that I wanted to introduce them to him before Of course Uncle Wang only thought about these words in his heart and would absolutely not say them out loud Zhang Wenzhong also didn't know what Uncle Wang was thinking he smiled and said Don't be in a hurry it will work out slowly As long as someone has tasted the taste of medicinal food tried its effects I guarantee that one will tell ten ten will tell a hundred By then I'm afraid the supply of the four medicinal foods will not be able to meet the demand *Court of Appeals 1924 Vol.19* , **Tainted Blood** Sam C. Leonhard, 2010-05-03 Gabriel Jordan lives a lonely life on the streets taking the rare job that usually means spending hours in the cold waiting for a chance to take a photograph of a cheating spouse That's how he meets Dr Aleksei Tennant who he sees suspiciously jumping from a window of a woman's apartment Tennant introduces Gabriel to the hidden worlds magical worlds connected to this one by portals Gabriel is eager to learn the runes for opening them Tennant is eager to teach and a fragile friendship develops amidst a series of murders These aren't just any murders The killer has a grudge against the mixture of other races he doesn't kill humans only those of the hidden worlds who are producing children of tainted blood When the killer attacks them directly Gabriel and Tennant have to team up to find the murderer even though they're putting themselves their love and any chance at a future together in danger **Spirits of Blood, Spirits of Breath** Barbara Alice Mann, 2016-01-06 Before invasion Turtle Island or North America was home to vibrant cultures that shared long standing philosophical precepts The most important and wide spread of these was the view of reality as a collaborative binary known as the Twinned Cosmos of Blood and Breath This binary system was built on the belief that neither half of the cosmos can exist without its twin Both halves are therefore necessary and good Western anthropologists typically shorthand the Twinned Cosmos as Sky and Earth but this erroneously saddles it with Christian baggage and worse imposes a hierarchy that puts sky quite literally above earth None of this Western ideology legitimately applies to traditional Indigenous American thought which is about equal cooperation and the continual recreation of reality **Spirits of Blood Spirits of Breath** examines traditional historical concepts of spirituality among North American Indians both at and to the extent it can be determined before contact In doing so Barbara Alice Mann rescues the authentically indigenous ideas from Western and especially missionary interpretations In addition to early European source material she uses Indian oral traditions traced as much as possible to their earliest versions and sources and Indian records including pictographs petroglyphs bark books and wampum Moreover Mann respects each Indigenous culture as a discrete unit rather than generalizing them as is often done in Western anthropology To this end she collates material in accordance with actual historical linguistic and traditional linkages among the groups at hand with traditions clearly identified by group and where recorded by speaker In this way she provides specialists and non specialists alike a window into the purportedly lost and

often caricatured world of Indigenous American thought      *Written in Blood* Diane Fanning, 2006 Edgar Award Nominee for Best Fact Crime With intimate access to the families award winning journalist Diane Fanning's *Written in Blood* spins a heart wrenching true crime tale that's been the subject of an acclaimed documentary *The Staircase* and an HBO TV miniseries starring Colin Firth An army brat turned marine Michael Peterson saw combat in Vietnam and returned a decorated soldier An avid reader his dreams of being an acclaimed novelist came true His desire to find love was fulfilled when he married brilliant executive Kathleen Atwater the first female student accepted at Duke University's School of Engineering The Petersons seemed the ideal academic couple well respected prosperous and happy All that came crashing down in December of 2001 when Kathleen apparently fell to her death in their secluded home in an exclusive area of Durham North Carolina But blood spattered evidence and a missing fireplace poker suggested calculated cold blooded murder Her trusted husband stood accused Prosecutors introduced evidence at trial that sixteen years earlier Peterson was one of the last people to see his neighbor alive before she was found dead at the bottom of a staircase in her home in Germany A dramatic trial followed in the explosive final chapter of a life that no novelist could ever have conceived      *The Official Catholic Directory*, 1921      **The Native Tribes of Central Australia** Baldwin Spencer, Francis James Gillen, 1898 Nature of country distribution and names of local group totemic groups the Alutunja or headman and his powers councils of old men medicine men Hunting customs foods cooking tracking ability two exogamous intermarrying groups Urabunna Arunta Ilpirra Kaitish Waagai Warramunga Iliaura Bingongina terms of relationship avoidance regulation of marriage by totem Urabunna class divisions totems Arunta Urabunna examples of totem names ceremonies of the Engwura showing way in which each individual acquires his or her totemic name wanderings of Alcheringa ancestors the ritual objects conception belief Intichiuma ceremonies food taboos timing of holding rituals Udniringita witchetty grubs ErLIA emu Unjiamba Hakea Ilpirra Manna Yarumpa honey ant Quatcha water songs no translation place where Okira kangaroo ceremony is held Undiara cave painting history of Ungutnika of Undiara the kangaroo relationship between the individual initiation detailed account of all rites throwing boy in air circumcision body ornaments sacred objects performance of certain sacred ceremonies subincision burning of blood meaning of subincision initiation of women words given of few songs myths behind ceremonies traditions dealing with origin of the Alcheringa ancestors of the Arunta maps show tracks followed by the four groups of Achilpa and the spots at which they camped and of the various groups of Udnirringita customs concerning the knocking out of teeth nose boring growth of breasts blood blood letting blood giving blood drinking hair childbirth food restrictions cannibalism customs of Kurdaitcha types of burial mourning ceremony to remove ban of silence body painting spirit individuals Iruntarinia making methods of obtaining wives charming by magic capture gives punishments for elopement regular method clothing musical instruments types of pitchis wooden containers rock paintings Appendix A Names of natives gives sub class totem personal name in ordinary use sacred or ritual object name Appendix B Wilyaru ceremony of the Urabunna tribe Appendix C Table of
