been asked by your child to draw something simple like a dog or a bird but you have been unable to Your child looks to you for guidance and support in all aspects of life Your lack of artistic ability is not something you thought of as a hindrance but now that you have children this simple skill can make the world of difference in creating moments of deep bonding When you are able to teach your child how to draw an animal or a house with accuracy and see that look of awe and admiration in their eyes you will know that you made the right choice buying this book This guide will start you on a magical trip with your little one that begins with a single mark on the page and ends with a rich and creative world that the two of you have drawn together *How to Draw Wolves Drawing Book* David K., 2018-05-04 Drawing can be such a fun and healthy activity to do with your children As a parent have you ever looked into your 5 years old eyes and say I am sorry sweetheart but I have no idea how to draw a dragon or a dinosaur This is the exact reason why our book exists Don t ever feel again like you are failing your kids Simply let them know although you are a super parent you don t know everything However you know just the guide to pull out of your bookshelf to help them learn along with you Make this drawing adventure a family affair Come on kids and parents start this journey with us and let s draw some very special images and create one in a lifetime memories
