Inconvenient Heritage Lynne M Dearborn,John C Stallmeyer,2016-09-16 The major international recognition of a World Heritage Site designation can bring important preservation efforts and a wealth of tourist dollars to an impoverished area but it can also have destructive side effects In a revealing study with lessons for tourism and preservation projects around the world this book examines the redevelopment and packaging of Luang Prabang Laos as one of UNESCO s World Heritage Sites that belong to all peoples of the world irrespective of the territory on which they are located It tells the story of how the world s most prestigious preservation initiative led to a management plan designed to attract tourists and global capital which in turn developed the most appealing parts of the city while destroying or neglecting other areas This book makes a valuable contribution to tourism and heritage studies and international development **Cultural Tourism in a Changing World** Melanie K. Smith,Mike Robinson,2006-01-01 Cultural Tourism in a Changing World provides an in depth analysis of the key political and social debates in the field of cultural tourism drawing on a range of international examples to exemplify

Stone, 2009-08-25 Over the last decade the concept of dark tourism has attracted growing academic interest and media attention Nevertheless perspectives on and understanding of dark tourism remain varied and theoretically fragile whilst to date no single book has attempted to draw together the conceptual themes and debates surrounding dark tourism to explore it within wider disciplinary contexts and to establish a more informed relationship between the theory and practice of dark tourism This book meets the undoubted need for such a volume by providing a contemporary and comprehensive analysis of dark tourism
